## ANGEL FLIGHT SOARS Arranges FREE Medical Flights

FOR IMMEDIATE RELEASE

ATLANTA – Angel Flight knows that illness isn't stopped by boundaries and believe that cures shouldn't be either - whether those boundaries are geographic or financial. We help by arranging free flights to lifesaving medical treatments!

The mission of Angel Flight is to help families get to the hope of lifesaving medical treatments, surgeries and clinical programs as often and as long as necessary to ensure that no one has to go without medical treatment simply due to travel challenges.

Angel Flight arranges free air transportation with volunteer pilots on private aircraft for medically stable and ambulatory patients. This community service is available to those residing in, traveling to or traveling through Alabama, Georgia, Mississippi, North Carolina, South Carolina and Tennessee. If needs extend beyond this service area, we then partner with sister organizations via the Air Care Alliance to meet the needs of the community.

In 33 years of service to the community, almost 36,000 mission flights have been arranged to help families in need. Last year alone, Angel Flight Soars arranged 2,861 missions - that's 8 missions a day, 7 days a week. Patients from infant to 92 years in age with 179 different medical afflictions from 29 states and 1 country were flown to the treatments they required. This year, we want to do even more and we need your help to help other families soar above the financial burden of traveling.

These Angels are ready to take flight to help families get the hope of lifesaving medical treatments! If you need their help or would like to help support our mission, please do so today.

*Angel Flight Soars* is a non-profit 501(c)(3) volunteer pilot organization. They arrange free air transportation for medical treatments that are not available locally and for other compassionate purposes for the benefit of the community. This service is available for any medically stable and ambulatory patient demonstrating a financial need and/or anyone who cannot utilize or access commercial transportation. They help families by eliminating the concern of how to get to necessary medical care, so they are able to focus on a resolution for the medical condition. This helps the patient to a more speedy recovery and enables the family to resume participation in their communities and workplaces. This organization of volunteer pilots and earth angels (ground volunteers) are totally committed to their mission and has increased over 950% in flights coordinated since the year 2000. The majority of the people served live in Georgia, Alabama, Mississippi, North Carolina, South Carolina, and Tennessee. Angel Flight Soars and their services are funded entirely by corporate and private donations. To request a mission or support the cause, call 864.554.3198 or toll free at 1-877-4-AN-ANGEL or online at [www.AngelFlightSoars.org](http://www.AngelFlightSoars.org).
