116 Kimborough Street
Greenville, SC 29607

Greater Anderson
Rotarian Kathryn Smith
spoke at the conference
about her book on
FDR's secretary.

Reflections from the All-Club Conference Chair.....

Engaging Rotary in a new way

BY DONNA McCUBBIN
Rotary Club of Clemson

Three years ago when Lance, then the district governor nominee-designate, asked me to chair his conference committee, I knew there would be a lot to learn. Before we moved to Clemson 20 years ago, I was the general manager of a golf and country club. So, I am familiar with event planning... from the facility side. But event planning from the organization standpoint is a completely different experience.

I hope, from your perspective, the conference was positive, and the activities, meals and sessions flowed together seamlessly without difficulties or snags. For the most part, that was how it appeared from our side; however, that was due to the planning and expertise of the many, many individuals who contributed significantly to the success of the weekend.

At times it was significantly more challenging than I anticipated – contract-

Lance presented conference chair Donna McCubbin with her Paul Harris +4 pin at the conference. See all the conference photos by [clicking here](#).

ing for all of the hotel services, selecting menus that were appetizing and also kept us within budget, coordinating travel arrangements and accommodations for speakers from four states, and having sufficient audio-visual support for the general sessions, Pre-PETS and the breakouts.

Then there were the small details, the difference-maker kinds of things that

(continued, next page)

Jack Newby, Rotary Club of Westminster, introduced the Youth Exchange students at the conference.

THROUGH FEB. 28, WE ARE UP 55 MEMBERS FOR 2016-17.

All-Club Conference—

added the special touches to make it memorable – table decorations, name badges and badge ribbons, the photo booth, CART buckets, the speaker slides and candid slide presentations that were shown throughout the conference.

Through many avenues, I was fortunate to be surrounded by wonderful Rotarians who graciously and effectively fulfilled the

tasks they promised to do. When asked, individuals rose to the occasion and took on responsibilities large and small, which together created the magic of the 2017 All-Club Conference.

There were frustrating moments and times when I wondered if it would all come together. But in those moments I found a connection with friends, old and new, who

worked to make this a great event.

I had the opportunity to engage Rotary in a new way, and the benefits and rewards are far greater than I could have imagined. My sincerest thanks to EVERYONE who worked on and attended the conference. Without you, it would not have been a success.

Thanks to these sponsors who helped provide the 2017 D7750 All-Club Conference.

STRENGTHEN YOUR CLUB

BRING A Friend!

March is here and if you have not started, it is time for you to begin planning for the **BRING A FRIEND TO ROTARY MEETING** that DG Lance has asked all clubs to hold during April. These events are an excellent means to introduce people to Rotary and add to your membership. Information about this opportunity can be found in John Kimbell's membership article in this newsletter. Bring a Friend to Rotary Meetings are an excellent means to introduce people to Rotary and add to your membership. The intentional strategies that you are familiar with will lead to success in this endeavor. A critical piece of all intentional strategies is follow-up, as described in the article at right.

7 steps to boost yield from a membership event

BY IPDG TERRY WEAVER
Rotary Club of Greenville

A classic football blooper is the ball carrier who somehow just drops the ball a yard or two from the goal line. You say to yourself, "How could he have forgotten to hold onto the football?"

Far more often, I watch Rotary clubs do exactly the same thing with prospects following a membership event. They fumble by forgetting they need an intentional strategy to capture guest contact information (especially email addresses & phone numbers) and to follow up as many times as needed to get a "yes" or a "no" on interest in Rotary.

My friend Ken Solow who spoke at the 2016 All Club Conference (remember the movie clips?) has written an excellent article I want to share with you. Applying the lessons from his article **How to Properly Follow up Your Membership Events** will at least double your yield on membership conversions if you heed its lessons. Please let me know how this works for you.

It's PRIME TIME for finding people who just haven't yet realized they are Rotarians.

Water and sanitation: A basic need millions lack

March is Water and Sanitation month. Clean water is a basic human right that many are often denied.

There are 2.5 billion people in the world who lack access to improved sanitation and 748 million people who don't have clean drinking water. Nearly 1400 children die each day from diseases caused by lack of sanitation and unsafe water. Please take the time and read about Rotary's involvement.

Sanitation has been a focus for Rotary since its early years. In fact, the very first Rotary ser-

vice project, implemented in 1907 in Chicago, was the construction of public toilets (often referred to as comfort stations during that time)! Everyone visits the toilet several times a day. It's a basic human need, but 2.4 billion people don't have access to a toilet.

Our district is teaming up with other districts and through a Global Grant, will provide water and sanitation for over 2,500 individuals in India. We are also heavily involved with water projects in Honduras.—Lance

If you are interested in learning more about our Clean Water Projects, contact Al Steele, member of the Rotary Club of Fort Mill and chair of D7750 Water Projects, fortmillrx@comporium.net. He is available to speak to your club about our Clean Water Projects in Honduras.

VOCATIONAL SERVICE

Greenville club helping to develop future business owners

The Rotary Club of Greenville has launched a new community service project, **ROTARY BUSINESS MENTORS**. Led by Past District Governor Terry Weaver, the project will assist disadvantaged business owners with improving financial results, organizational sustainability and personal satisfaction.

This is another of the club's Vocational Service projects, utilizing the talents and experience of Rotarians to train and mentor early stage entrepreneurs. It also fits squarely into one of The Rotary Foundation's six areas of focus, "Economic & Community Development."

Small disadvantaged businesses face many challenges, including the lack of know-how and experience in basic business leadership, management and operations. Their founders and owners need training, coaching and mentoring by experienced business owners, one of the few sources of the expertise they lack.

Terry Weaver leading a training session for early-stage entrepreneurs.

Partners in this project, Nasha Lending and CommunityWorks, are providing micro loans to help these entrepreneurs get started. Having solved the financing problem, the next challenge is the steep learning curve of how to run and grow a business. Rotary will bring real world experience in both training and hands-on mentoring of these clients.

With the help of a Steering Committee of Greenville Rotarians, the project has been launched with a three-segment training course on "Bookkeeping for Small Businesses". The course is offered for an hour and a half per week for three weeks. Future courses on Legal and Tax Compliance, as well as Sales and

Marketing are being planned.

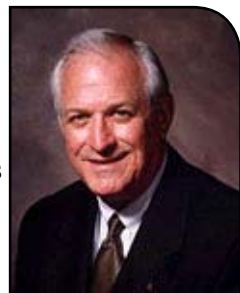

A corps of mentors is also being formed, each of whom will take on some of these business owners one on one as a long-term coach, advisor and mentor. Mentor training and engagement processes are being designed, with the help of the Steering Committee.

The big picture is to train, coach and mentor businesses that become scalable, sustainable job creators, owned and operated by disadvantaged entrepreneurs. If you have hands-on experience running a small business and would like to make a difference in the life of an early stage entrepreneur, please contact Terry Weaver to become a Rotary Business Mentor.

In 1952, Jonas Salk developed the Polio vaccine—I know he would be proud when Rotary completes the mission of eradicating Polio off the face of earth. It takes everyone's effort. Thank you for your help with raising money for PolioPlus in our district. We are nearing \$100K for the year--thanks to a majority of the clubs who are participating. I would love to have everyone in the district donate something to PolioPlus.—Lance

PDG Myles Golden

PDG Myles Golden died Feb. 8 after a battle with cancer. He served D7750 as governor in 2007-08. He was a member of the Rotary Club of Greenville. Myles was a Multiple Paul Harris Fellow, a Benefactor, a member of the Paul Harris Society and the Bequest Society, and a Major Donor.

Where does increasing adult literacy fit in your Rotary Club service projects?

BY JUDITH PRINCE
D7750 Literacy Chair

Rotary International singles out adult literacy in its description of the area of focus—Basic Education and Literacy.

As stated on Rotary International's website: The goal of Basic Education and Literacy is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

Basic education and literacy is essential for accomplishing Rotary's other areas of focus including reducing poverty, improving health, encouraging community and economic development, and promoting peace.

All Rotary clubs are urged to establish long-term partnerships with adult education centers which are providing opportunities for adults to complete a secondary-school education and obtain the knowledge and skills necessary for employment and self-sufficiency.

Rotarians are needed to serve in an advocacy role for increasing understanding in our communities for the need for literacy among adults in South Carolina. See the chart at right for ideas on how you can help.

Rotary

LITERACY

How Rotarians and clubs can help with literacy

Rotary leaders in Areas 1 and 3 met with leaders of adult literacy centers to identify ways that Rotarians can help increase adult literacy. Below is a list of some of the needs emerging from these discussions:

1	Tutors are needed to work one-on-one with adults who have no reading skills. Tutors are needed to teach small groups of adults working toward a GED in subjects such as mathematics, science, and other subjects.
2	Mentors are needed to support persistence of adult learners in earning a GED or completing an ESL program. A phone call from a Rotarian before a student takes a GED test would be valuable because many GED students have no support system.
3	Rotarians can be of immense value in informing GED and ESL students about careers and expectations of employers as they are preparing themselves to earn a living wage in their communities.
4	Rotarians are needed as guest speakers in GED classes to help adult education students understand the soft skills needed in today's workforce.
5	Rotarians can provide shadowing opportunities for GED and ESL students to learn more about careers in areas such as manufacturing and health care.
6	Rotary clubs can partner with adult education centers for Rotary district grants for GED and Quick Jobs scholarships and other needs of adult literacy centers.
7	Rotary clubs could help build pride in the work of GED and ESL students by sponsoring a GED/ESL Student of the Month in their clubs.
8	Rotary clubs can provide adult education centers with incentives to celebrate benchmarks as GED students make educational gains. Coupons or gift certificates and other promotional products would be helpful.

Laurens selling magnetic puzzle pieces of Arch Klumph for centennial

The Rotary Club of Laurens has created a magnetic puzzle of a portrait of Arch. C. Klumph, whose idea it was to begin our Rotary Foundation. To celebrate the centennial of the Foundation, the club is selling pieces for \$26.50, the amount of the first donation to the Foundation 100 years ago. Pictured with the magnetic puzzle are club president Mike Seymour and Foundation chair Joe Babb.

FREE MONEY still available for Membership Event Grants

—Apply now

BY JOHN KIMBELL

February 24, 2017: District Governor Lance Young announced an extension of the District 7750 Membership Grant to include more clubs aimed at continuing strong growth of clubs in this Rotary year. The District will provide the funding to support clubs that plan a specific membership event with a complete set of intentional strategies, strong follow up and meeting the requirements of the program. Grants up to \$15 per guest to cover the expenses of the event (\$300 maximum grant per event) are available.

Of significance, the limit on number of grants has been dropped. So, Opportunity Knocks to grow your club and its impact. Completion of the application by club Presidents or Membership Chairs is easy with an online form

at the District website. It includes many helpful ideas and actual examples to assist you and this makes it quite easy to put together.

Rotary clubs that have implemented the Intentional Membership Strategies recommended by the D-7750 Grow Action Team are growing successfully. The most successful strategies include a membership event where members invite prospects to a presentation of both Rotary International and their own club. These are typically a 1-hour program, sometimes extended to include a breakfast, lunch or happy hour format or during a regular club meeting time in lieu of a regular meeting.

To date, the planned events in late March through early June are targeting about 160 visitors to well-planned events that will result

in many new engaged Rotarians. So, Don't Miss the Boat, get on board now with 6-8 weeks lead time. John Kimbell is administering the program and is available to assist you. Review and turnaround time for your grant application is very short.

John Kimbell is a member of Greenville Evening Rotary. He is a member of the District Grow Rotary Action Team and serves as faculty in the Rotary Leadership Institute. He will be GRAT and District Membership Chair in 2017-18. His email is jkimbell46@gmail.com.

[LINK TO PROGRAM OVERVIEW AND APPLICATION.](#)

**Applications
must be
submitted
by March 15.
Events must be
completed by
June 15, 2017.**

The Rotary Club of Union inducted two new members on February 14. Mike Cassels, was sponsored/pinned by Ed Wilson. Gus Diamaduros sponsored/pinned Leroy Kennedy. New Member Chair Glenn Ivey presented and inducted the new members. Pictured from left: President Torance Inman, Mike Cassels, Ed Wilson, Leroy Kennedy, Gus Diamaduros, Glenn Ivey.

Rotarian Glenn Ivey introduced Ann Angermeier, Executive Director of the Upstate Workforce Board, to the club. She spoke about the Union workforce numbers and the attempt to address challenges.

William Holcombe welcomed Sheriff David Taylor, and his wife Betty Jo to the club. The Sheriff talked about Union's law enforcement 2016 statistics, drug and gang activity in Union, and Union County Crime Stoppers. (Pictured: Rotarian William Holcombe, David & Betty Jo Taylor)

Rotarian Mike Cassels welcomed Taylor Thomas to the club to talk about the importance of the Boy Scouts. He is the Senior District Executive of the Daniel Morgan District (Spartanburg County) with the Boy Scouts of America. He is a graduate of Union County High School and earned his BA in Business Economics at Wofford College.

Union presented a check to two representatives from Interact for their recent trip to Washington DC to attend the Inauguration. (Pictured: Rotarian Mike Cassels, Bryan Good, & Courtney Garner). Another check was presented to Scott Sandor, Rotarian and CEO of Union County YMCA, for two Automated External Defibrillators (AED) for the YMCA. This check was for a District Grant. (Pictured: Scott Sandor and Torance Inman).

Rotarian Neil Howell educated the club on a bit of Union history and how some of the club members are related to parts of the history.

Golden Corner hears about senior residence

Representatives of Keowee Place in Seneca updated the Golden Corner Rotary Club on the assisted living residence's efforts to give back to the senior community in the Upstate and north Georgia. Pictured from left, are Don Lesley, club president; Aimy Cook, Director at Gentiva Home Health; Tim Tompkins, club member and Community Relations Director at Keowee Place; Sabrina Simmons, Registered Nurse, Keowee Place and Carrol Carlisle, Executive Director-Registered Nurse at Keowee Place.

Eddie Perry, past president of the Golden Corner Rotary Club of Seneca, is presented with a second Paul Harris Fellow by club president Don Lesley, left. Perry is also serving as director of the club's second annual Tri-State Relays to be held March 28 at Seneca High School and broadcast on WFBS-LP (107.9).

Golden Corner tours airport

Randy Renz, left, chairman of the Oconee Regional Airport Commission, and Jeff Garrison, second from left, airport manager, recently gave members of the Seneca Golden Corner Rotary Club a tour of the airport and outlined the crucial role the airport performs in economic development for the region.

International Week of Service Website | <https://weekofservice.org/>

Work with other organizations to help your community

BY JOHN GERM

President, Rotary International

Rotary will be partnering with other service organizations in an International Week of Service, March 25-31, 2017.

All over the world, volunteers like you are working to improve their communities. In the spirit of Rotary Serving Humanity, I ask you to invite another local service group to volunteer with you. Information and resources for this event can be found at weekofservice.org. Visit the International Week of Service 2017 Facebook event page to RSVP and see what other clubs are planning.

Organizations participating in this event include: Lions Clubs International, Rotary International,

Optimist International, Junior Chamber International, Kiwanis International, Moose International, Soroptimist, Y's Men International, Pilot International, and Sertoma Inc.

To participate, your club can work with one or more other area service groups to do something together for your community. They can join you in a pre-planned event, or you can plan a new event together. Find a fellow service organization in your community here. Share your photos and videos at weekofservice.org, on the event page, and on social media using #weekofservice2017. To promote your activities locally, we've pro-

vided you with a customizable press release.

This event will help us to promote all of our organizations, highlight membership opportunities, and reinforce the importance of doing good in the world. It's a chance for our volunteers to forge lasting relationships and creating the potential for future joint projects. Your participation will also achieve one of the service goals listed in my presidential citation.

I hope you'll join me in what promises to be a unique, important opportunity to better your community.

Bill Gates will give keynote address at the RI

Convention Bill Gates, co-chair of the Bill & Melinda Gates Foundation which has contributed so much to Rotary's Global Polio Eradication Initiative, will deliver the keynote address at the Atlanta RI Convention in June. Highlighting 100 years of The Rotary Foundation, the convention is expected to draw 40,000 Rotarians from 160 countries. The Gates Foundation and Rotary International currently have an ongoing match of 2:1 to support polio eradication efforts up to \$35 million a year.

Remember: Celebrate the centennial anniversary of the Rotary Foundation by planting 265 trees in 7750 during March

each tree, a new life

In honor of the 100th Anniversary of the Rotary Foundation, we want to remember our first donation of \$26.50 that has grown, like the trees, to over a billion dollars. By planting 265 trees in D-7750 during March 2017 we can honor this mark in Rotary Foundation history.

- Form tree committee
- Do we want to team with another club?
- Club time and money participation

- How many trees?
- What size trees?
- Where should we plant?
- Who do we ask for help?

Take action on water and justice issues—and find fellowship

BY PDG BARBARA SHAYEB-HELOU, bsh6890@aol.com

Rotary Club of Pleasantburg

Chair, D7750 Fellowships and Action Groups

Surely you saw in the January edition of *The Rotarian* how the Water Action Group (WASRAG), was in collaboration with the Beer Fellowship (BREW). No they are not watering down the beer with water. 3000 children die each day due to unsafe water throughout the world. Thus during a beer tasting event in California funds were raised for WASRAG. Check them out on line. Google BREW and WASRAG, become familiar with what they offer and think about

how you can contribute. Add depth to your Rotary membership.

On page 40 in the February edition of *The Rotarian*, you learn about the work of the International Justice Mission. It is deplorable the life of many children and some adults are subjected to. You then will want to join RAGAS, the action group against slavery and exploitation.. Check them out at ragas.org.

Fortunately I have met several people from The International Jus-

tice Mission. One of them is from South Carolina. Another from Virginia came to San Diego in January and participated in a panel discussion on Rotary Collaborations at the annual Past Officer Reunion.

Let me know if you join any of these groups. I am available to come and speak to your Rotary Club about Action Groups and Fellowships.

D7750 has a lot to celebrate in Rotary Water and Sanitation Month

During March, Rotary Water and Sanitation Month, we're celebrating our commitment to create healthier communities by supplying clean water and sanitation facilities to prevent the spread of infectious diseases. District 7750 has made Water and Sanitation a Priority. Here are a few examples of club service projects that are creating a lasting impact:

People in a rural village of Honduras gather to dedicate a water project completed by Al Steele and D7750.

1	Al Steele and Ben Ficklen, co- chairs of the Fort Mill Rotary Club water projects committee, have led teams to Copan and Marcala, Honduras, for 12 years. D7750 has completed 16 Global Grants for water projects that serve 18 villages, over 1,400 families and about 8,000 people during that time. Some water projects include wash areas at the schools and bathrooms. In order to receive a water project each village is required to dig the trenches for the water pipes and to take care of and maintain their water systems. A Circuit Rider from the International Rural Water Association checks each system on a regular basis, ensuring the projects are sustainable. Each family pays a small water bill each month to purchase chloro tablets and pay for part of the services of the Circuit Rider.
2	PDG Gary Goforth, E-Club of the Carolinas, has led teams on medical mission trips to Olanchito, Honduras and as part of the trip has worked with the Olanchito Rotary club to complete 5 water projects. We have seen a remarkable improvement in the health of the villagers where clean water has been provided and are now working on a Model Healthy Village project in which we will provide a Village Health Worker, water filters or wells to provide clean water, and education on topics such as handwashing and diagnosing/treating dehydration.
3	The Rotary Club of Pickens has a new Global Grant that has been submitted for two water wells in Kenya, a project headed by club member Jennie Gilstrap. The objectives of this project are to bring clean water to two communities by installing two wells in two rural communities. The beneficiaries are approximately 720 children in orphanages and schools. Children in schools may take water home with the potential to affect as many as 7000 total beneficiaries.
4	Pickens has also been working on a Water Distribution project in El Salvador. This Global Grant is part of an ongoing initiative in this community to provide sustainable solutions for clean drinking water, proper disposal of human waste and the proper recycling of other usable materials.
5	DG Lance Young along with other Districts in Zone 33 will be part of a Global Grant that will construct 272 toilets in 10 villages in in Velhe taluka of Pune District in India.
6	The Aiken Rotary Club is proposing a Global Grant for the Wachara Water Delivery Project in Homabay, Kenya. The recent cholera outbreak that devastated much of the Kisumu area bypassed Wachara because of access to clean water. Making the water more accessible would increase the number of people using the clean Wachara water, improve quality of life by reducing distance traveled and reduce cost for those paying transport.

BY MAKING CONTRIBUTIONS TO ANNUAL FUND-SHARE YOU TOO CAN HELP FUND THESE PROJECTS AND MORE. CLICK TO SEE ARTICLE ON "HOW TO MAKE A CONTRIBUTION TO A GLOBAL GRANT!"

How to promote the Rotary Foundation during March

BY ERIN GROBLE

Annual Giving Officer for Zones 33 & 34

We're half way through the Rotary year and over half way toward our \$300 million goal for the centennial year. But, there's still more to do and we need your help.

Check your club's giving reports to evaluate your progress. Then, take action in March to promote the Foundation in your district. Consider using one, or all, of these ideas:

PROMOTE WORLD WATER DAY

World Water Day on March 22 is an opportunity to educate your members about Rotary's commitment to providing clean water and sanitation. To educate our members, the Rotary Foundation is sharing a World Water Day appeal with Rotarians who have yet to give this year. *Share it with your club.*

ENGAGE PAST DONORS

Members who have given in the past are important because they already have an affinity for Rotary. Use the Club Recognition Summary Report, available on My Rotary, to identify donors who gave last Rotary year but have yet to give this year. Then, email or call these donors to thank them for their past generosity, learn what motivates them to give, and ask if they will continue their support this year. Developing a person-

The Rotary Foundation

al connection with a donor will show that you appreciate their membership and value their contributions to The Rotary Foundation.

THANK NEW DONORS

Expressing gratitude is the best way to build relationships with donors. Saying thank you has a ripple effect; donor recognition encourages future contributions and motivates others to give. Here are some ways that you can thank first time donors to The Rotary Foundation:

- Highlight your first time donors in a newsletter or social media.
- Show how their contributions make a difference by sharing Foundation grant updates.
- Celebrate donors at a Rotary event.
- Send a thank you note to express your personal appreciation for their support.

And, as always, THANK YOU for all the work you're doing to support The Rotary Foundation during our centennial year.

Join the Bequest Society and change the future

Easy procedures and simplified form take the mystery out of Rotary legacy

BY FIROZ PEERA

Zone 33 Endowment/Major Gifts Adviser

You can leave a lasting legacy to impact the future by doing good in the world beyond your lifetime by becoming a member of The Rotary Foundation's Bequest Society. Download the Bequest Society form (Form 330-EN) by going to <https://my.rotary.org/en/endowment-fund> and click on "Your Rotary Legacy." Complete and mail the form to be recognized for your commitment.

Document your wishes in your will by adding the words "I give to The Rotary Foundation of Rotary

International" followed by the cash amount or nature of your gift. The form provides examples of how to do this.

Your bequest can be in the form of cash from your estate, insurance policy, retirement plan, or specific assets such as stocks, bonds or real estate.

Eventually, when realized, your gift will become an earning asset of the Endowment Fund. The principal amount of the gift will never be spent, but earnings will become available in perpetuity for

spending on future programs and projects.

By making The Rotary Foundation one of the beneficiaries of your estate, you will enable generations of future Rotarians to continue in your footsteps with programs and projects to strengthen communities, transform lives, and make the world a better place.

So leave your mark on this world. Establish your Rotary Legacy by joining the Bequest Society and change the future for the better.

2016-17 District 7750 Rotary Foundation Giving

Rotary Direct	82

D7750 leads Zones 33-34 in cash gifts to polio for 2016-17

Our district is the top giving district in Zone 33/34 in PolioPlus cash with \$87,745 and we are fifth in percent of sustaining members at 23.1%. But we are still short of the Centennial Goal. We have only four months left in this Rotary year, so now is the time to act. Have you given your \$50 to PolioPlus to help reach the goal of recording the last

polio case year? If you give through RI online, there is no charge for using a credit card.

Only one new case of polio reported this year

There has only been one reported polio case so far this year. It occurred in Afghanistan. The goal this year is to record the LAST polio case. Even if we reach that goal, we will have 3 years imposed by the World Health Organization to remain polio free. Our Rotarians and volunteers are inoculating 400 million children in 60 countries plus the three endemic countries where testing samples continues. This process is necessary and expensive.

**Register for Atlanta by April 30
and Lance might win a prize**

Every Rotarian should attend at least one Rotary International Convention in his or her lifetime, and it will be years before one is as convenient to D7750 as is this one in Atlanta. Register by March 31, because on April 1, registration fees will increase from \$425 to \$490. go to www.Rotaryconvention2017.org to register.

In each zone, the governor of the district that has the highest percentage of members registered for the convention by April 30 will win:

- Two reserved seats at a general session at the 2017 Atlanta Convention
- Onstage recognition at a general session
- A group photo opportunity of all the winning governors with RI President John F. Germ and Rotary Foundation Trustee Chair Kalyan Banerjee
- A certificate of recognition signed by Germ and Banerjee
