MESSAGE FROM THE GOVERNOR...

Keep looking for members so that your club can do more

BY DG CAROL BURDETTE

As we start the third month of our Rotary year, our priority should be set on increasing our membership, not for the sake of growing but because we want to do more service in our local and global communities.

Rotary membership is a special gift that someone gave each of us. I am hoping this Rotary year that you will share this gift with loved ones, friends, neighbors and co-workers. With new family and corporate memberships all of these are possible. Someone gave you this gift and since then you've met and gotten to know some wonderful people, enjoyed fun and fellowship and been provided the opportunity to serve

in your community and the world.

A number of the clubs I have visited so far have talked about starting satellite clubs, Interact Clubs and Rotaract Clubs...all of these are ways that we can grow our District 7750 Rotary family.

Join me at the Membership Summit on September 20 at Piedmont Technical College in Greenwood. We will learn more about giving the gift of Rotary membership, creating a Discover Rotary program for your club, other recruiting strategies and about setting up satellite, Interact and Rotaract Clubs.

Register now to assure you have a seat at the membership table. —Carol

"Rotary is a membership organization that provides outstanding service to the communities we serve locally and globally. Without our members, we could not provide these outstanding services. Without more members, our capabilities are limited, and when membership is in decline, so are our services".

Recently RI provided the following survey information on the reasons people leave Rotary:

- 31% say Rotary is too expensive and requires too much time.
- 21% leave because of club environment.
- 15% leave because of unmet expectations.
- 46% would NOT recommend their club.
- 35% would NOT recommend Rotary.

The expectations that are not met include volunteering and community involvement, friendship, networking, and service projects and events.

The three things that Rotarians value most are community service, networking, and friendship. Many prospective members are also seeking global service opportunities.

The bottom line is that members are prone to leave when clubs do not meet their expectations.

It is so important to connect members with the parts of Rotary that mean the most to them and allow them to pursue their passions. In addition, clubs should always be looking at ways to reduce costs and to ensure that time spent on club events is meaningful and not wasting members' time. Strong, healthy, vibrant clubs attract, engage, and retain members.

Note: If you are interested in learning more about membership, please consider coming to the Membership Summit in Greenwood on Sept. 20. Click here to register or go www.rotary7750.org, log in and click on calendar to find event.

ROTARY MEMBERSHIP SUMMIT

Get some serious return on YOUR Rotary investment

BY PDG TERRY WEAVER

District Trainer

The upcoming Membership Summit in Greenwood on September 20 will deliver leadership and communication ideas you can use in your job, your family, your community and, yes, your Rotary club. You'll experience a program that's drawn these kinds of reviews from other audiences:

- 'As a retired Marine officer and a 10 year Rotarian, this program is one of the best and most focused presentations on leadership that I have ever been privileged to attend'
- "Some real concrete data & strategies to take away"
- "This was the best, most useful training I've attended in 15 years of multiple PETS and District training seminars. A superior product throughout."
- "Strategies that prepared me to lead my Rotary club as well as professional work and life in general"

To collect on this opportunity, **REGISTER NOW** for the D-7750 Membership Summit in **GREENWOOD, SEPTEMBER 20, 2018**. If you don't find it worth at least 10 times what you spent, let us know and we'll give your money back.

The target audience includes club Presidents, Presidents-Elect, Membership Chairs and other club leaders. All Rotarians interested in a valuable life experience and/or growing their Rotary clubs are welcome.

Pleasantburg sponsors five students to RYLA; gets their feedback

BY ROBERT GRAZIO

Rotary Club of Pleasantburg

The Rotary Club of Pleasantburg sponsored five delegates to Rotary Youth Leadership Award (RYLA) for the third straight year.

It was also the third straight year that one of our Delegates, Abbie Panuccio, was invited back to the following year's RYLA as a Junior Counselor.

In 2016 we did have one no-show to RYLA, but all of our sponsored Delegates attended the 2015, 2017 and 2018 RYLAs. My wife Kathy and I once again went to Erskine College during RYLA week, and once again found it to be a very rewarding experience.

This year we observed RYLA activities on Wednesday, June 13 and the wrap-up ceremony on Saturday, June 16.

The lectures were relevant and interesting, the dynamics of the small groups working on their community service projects was amazing to watch and meeting the Delegates' parents on Saturday was very enjoyable. I highly recommend that other Rotarians take the time to observe and meet these talented high school students and see what RYLA is all about.

One of our club members, Sara Mansbach and Rita Yarbrough of the Newberry Club made a presentation to the RYLA Delegates on June 12 about the club's library project, Partners in Literacy Haiti, which has recently received a

Global Grant through D7750.

Several of the RYLA delegates expressed an interest in the Haiti project and wanted to know how they could get involved. Some ideas for participation will be sent to students' emails at the beginning of the school year including the opportunity for student stipends and for the upcoming itinerary upcoming Haiti trip on October 17.

After RYLA we invited our five RYLA Delegates, and our 2017 RYLA Delegate who was a Junior Counselor at this year's RYLA, to our August 2 meeting to tell us about their RYLA experiences and their impressions of RYLA. Four of our five Delegates—Abbie Panuccio, Dillon Spikings, Victoria Cline and Maclean Armstrong—provided enthusiastic accounts of what they did during the week, including what they learned, the friends they made and how much they enjoyed learning while expressing their gratitude for the experience.

Our fifth RYLA Delegate, Ryan McLearn, was not able to attend due to a community service commitment and our returning Junior Counselor, Dessa Jones, had a family commitment and could not attend.

The delegates also did a great job answering questions at the end of the program. Some of the questions were difficult, open-ended questions that required some introspection. An example is, "Based on what you learned at RYLA, what are you going to do differently going forward?" Our club is proud of these students and we wish them well in the future.

“I can say with confidence that over my years at Clemson I came to understand that service is so much more than a simple definition. Service is a lifestyle, service is love, and the potential for service is in each of us. It is because of my experiences and the influence of many mentors that I now know what service and—more specifically servant leadership—mean.”

—Ellen Featherstone

Rotary Club of Greenville’s first “Service above Self” Scholar is now continuing her service in Peace Corps Malawi

BY JUDITH PRINCE

Rotary Club of Greenville

The first Rotary “Service above Self” Scholar funded by the Rotary Club of Greenville was Ellen Featherstone, who is now working for the Peace Corps in Malawi.

During her final presentation to the club, Ellen announced that she had accepted a 27-month position as a Health Extension Volunteer with Peace Corps Malawi. She left June 2 and is now working under the President’s Malaria Initiative and the President’s Emergency Plan for AIDS Relief.

“Malawi is beautiful! I currently live in a rural village called Chinguwo in the Kasungu District. I live with the most wonderful host family. They speak no English, but my Chichewa has gotten much better as a result.

I have four younger “brothers” whom I absolutely love. My middle brothers name is Mofati, and my youngest brother is named Yanko! (See picture)

I currently live with no electricity and no running water in a mud brick home. I wake up at 5 every morning to help my “Mom” with chores. We draw water at the borehole every morning and carry it on our heads. We take bucket baths, cook on a wood fueled fire for every meal, and milk cows every morning. We also sweep. The dust here is crazy. I pretty much eat the same thing for lunch and dinner every day: nsima (a congealed grit patty) and mpiru (mustard greens cooked in oil) with either eggs/dried fish/chicken.

In two weeks, I will be placed in my site for the next two years. I will live in the town of Ngabu in the Chikwawa District. It is

the hottest area in all of Malawi. Previous volunteers claim that on the hottest day it can reach 125F. I’m not sure if this is true, but I do know it will be around 115F for the entire month of October.

Chikwawa District is known to have some of the highest number of Malaria cases, HIV/AIDS patients, and malnutrition cases in the country. The area is also endemic to cholera. Because of the large cattle herds, there are also some cases of trypanosomiasis (my undergrad research). I am very excited to start developing relationships within my community and to start identifying projects of interest.”

The Rotary Club of Greenville is so proud of Ellen. The club raised \$1,000 for her use in carrying out a project in Malawi.

There are three Rotary scholars in college currently, all making outstanding contributions to their colleges and surrounding communities. The Rotary Club of Greenville “Service above Self” Scholarship has exceeded even our expectations!—Judith Prince

How Greenville's Service Above Self Scholarship came to be

During the 2013-2014 Rotary Year, the Rotary Club of Greenville changed its scholarship program to align with Rotary's motto of "Service above Self" and to invest more fully in students selected to receive the scholarship. Prior to that year, the club awarded five \$1000 scholarships, and students were only required to keep an academic average of 3.0.

That is the year the club's Service above Self Scholarship was conceived. The recipient is a student who exemplifies the Rotary motto of "Service Above Self" through his or her contributions to the community and future potential to continue to further the Rotary mission. The scholarship is a renewable grant of \$5,000 per year for 4 years for a total award of \$20,000. The scholarship, funded

through Rotary Charities, Inc., is awarded to a Greenville County graduating high school senior based on exceptional community service, high academic performance, and financial need.

The recipient is required to carry out 100 hours of service during the academic year and to keep records of that service. Additionally, the scholar is required to make a presentation annually to the Rotary Club of Greenville about their service accomplishments during that academic year.

The Rotary Scholar is assigned a Rotary mentor to advise the student throughout his or her four years in college. The Service above Self scholar is encouraged to attend Rotary meetings whenever possible and to participate in Rotary Club of Greenville events.

ABOUT MALAWI

Malawi is a small landlocked country in Southeast Africa with high rates of poverty. Over 90% of the population survives on subsistence agriculture living under \$2 per day, and 47% of children under the age of 5 experience growth stunts related to malnutrition. Over 10% of the population is suffering from AIDS/HIV. Despite progress, malaria continues to be a major public health problem. The disease accounts for 40% of hospitalizations in children under 5, 30% of all outpatient visits, and is one of the major causes of mortality across all age groups.

Ellen: "I woke up with the sole purpose of serving others instead of myself"

Working for the Peace Corps is a continuation of Ellen's long-time 'service above self' mentality.

During high school, she received the Gold Award from Girl Scouts, an award equivalent to an Eagle Scout.

At Clemson University, where she graduated in May 2018, she served as a group counselor for campers with special needs. She facilitated activities for 6-8 intellectually disabled youth and adults.

She provided one-on-one care for youth and adults with severe or profound developmental disabilities at weekend respite camps.

She served as a teaching assistant for classes in employment skills, literacy, disability awareness, advising, and personal fitness for

people with intellectual disabilities.

There were many many more service achievements.

"The Rotary Service Above Self Scholarship meant the world to me," she told the club. "It allowed me to place service as a focal point in my college career and to truly learn what it means to place 'Service above Self.'"

"There were challenges when I worked with people with disabilities: A place where I taught art to the blind, learned to talk through smiles, and learned the true meaning of hope. A place where I began to question if I was making a difference or if others were strictly making a difference in me. A place where for the first time in my life I woke up in the morning with the sole purpose of serving others instead of myself."

These are some of the Rotarians who participated.

GREENVILLE MAYOR SPEAKS TO GREENVILLE EVENING

Greenville's Mayor Knox White spoke August 14 to Greenville Evening about the new Unity Park being built in Greenville. The park will encompass 60 acres on the west side of Greenville, in an area that was largely neglected and used as a dumping ground for junk cars, a city jail and a public works facility. In the past, there were two segregated parks. The name, Unity Park, represents a healing of this past.

The Mayor showed pictures of the proposed 10-story tower that will provide visitors with wonderful views of the mountains and the city. There will be a pedestrian bridge crossing the Reedy River, and the Swamp Rabbit Trail will run along the edge of the park.

One major initiative of the city will be to provide affordable housing and senior housing as part of the park development.

Work on clearing the land and construction of the tower is expected to begin this year.

The largest Rotary Fellowship is the [Global History Fellowship](#) (RGHF). You can help this group keep current and historical information by updating your club info and researching and writing your club's history.

[Rotarians for Family Health and AIDS Prevention](#) was founded by Marion Bunch of Atlanta after her son died of AIDS. She realized people needed assistance with education and prevention.

With the help of grants from organizations like Coca Cola, this group was able to begin large scale testing and prevention education throughout Ghana, Nigeria, Uganda, South Africa, and India. The RFHA is now in the hands of

Alicia Michael another Rotarian from Georgia.

They work to improve the lives of children and family members in developing nations who lack access to prevention education and health care.

Working with local Rotary Clubs they are able to sponsor Rotary Family Health Days which are three day National Health Campaigns. In partnership with the Rotary Clubs and local medical clinics they conduct health screenings and referrals. They partner with the Health Ministry of each nation.

December 1 is World AIDS Day. This action group will work with your club to plan an event

and probably help you put a press kit together.

[The Action Group for Addiction Prevention](#) seeks Rotarians to integrate addiction prevention as part of their outreach service. Founded in 2013, they now operate in 42 countries and 45 Districts.

With the current opiate problem in South Carolina, I am sure that local law enforcement would be happy to provide your Club with a project. The Action Group will also help you develop a project and apply for a grant to implement it.
