Rotary saves lives through Water & Sanitation Focus

BY DG BETH PADGETT

Six years ago on March 1, I woke up in Copan, Honduras, on the start of a week that changed my life. I had joined Al Steele and a dozen other Rotarians on a trip to experience the work that Rotarians in District 7750 are doing to bring clean water to villages in Honduras.

I had heard Al speak several times about the water projects in Honduras. Eventually I wanted to see the work for myself.

Our Rotary District supports those projects through Global Grants funded through The Rotary Foundation.

If you ever need proof that your Foundation contributions are making a difference, consider this: Each morning in almost 20 villages in Honduras, children wake up because they have been given the gift of clean water. Without this clean water, many of those children would have died. Rotarians in District 7750 made this happen.

During my week in Honduras, I saw how springs located in higher elevations could be used to bring water through pipe in trenches that were dug

by the villagers. I saw how the water was collected in tanks and how it was tested periodically to ensure it remained safe to drink. I participated in two ceremonies that stopped all other activity in those villages while people celebrated that they now had clean water right outside their homes.

I carry this information in my brain about the mechanics of our water projects and the benefits that the villagers enjoy each day. But in my heart, I carry the images of the children that

MARCH IS

Beth's column

I saw on that trip – children no longer at risk from the diseases that come from unsanitary water.

Those faces are what I remember each March during Rotary Water and Sanitation Month.

The statistics are alarming. More than a billion people do not have access to safe drinking water. More than 80 percent of childhood illnesses across the globe are related to contaminated water and poor sanitation. More than 1,500 children in the world die every day from the lack of water, contaminated water, and/

or poor hygiene practices. These facts illustrate why Rotary places such a strong emphasis on the need for clean water and better sanitation in developing countries.

What motivates Rotarians is the belief that clean water is a human right. When people, especially children, have access to clean water, sanitation, and hygiene, they lead healthier and more successful lives.

During March, let us strengthen our resolve to bring clean water to more people.

Let us remember these simple facts:

- \$24 is all it takes (on average) to provide one person with safe water;
- 23 million people now have safe water because of Rotary;
- 21 million people have access to sanitation and hygiene thanks to Rotary projects; and
- 2030 is the year Rotary hopes to finish providing everyone with safe water, sanitation, and hygiene.

Indian Land lunch inducts FOUR new members

On February 23, Rotary's 116th birthday, Indian Land Lunch inducted four new members. Pictured from left are Julie Fisher (sponsor), [Kathy Hebert](#), Tracy Little (sponsor), [Pam Higley](#), [Brian McCarron](#) (not shown: sponsor Kelly Carpenter), [Laurie Ratner](#), Norm Nedde (sponsor).

ALL CLUB CONFERENCE—Rotary Opens Opportunities

June 25-27

Fun, Fellowship, Sharing, and Service —

Join us June 25-27 at the 2021 All Club Conference at the Hyatt Hotel in Downtown Greenville.

This will be a weekend to catch up and network with fellow Rotarians, showcase outstanding service projects and listen to inspirational speakers.

The annual District 7750 Awards and Installation Banquet will also be part of this year's conference. We will celebrate achievements of our clubs in 2020-21 and install new officers and club presidents for 2021-22.

Hyatt Regency Downtown
Greenville

Special room rates for
conference attendees only

\$169 +tax/per night

Twin City joins the noon Batesburg-Leesville Club

The city of Batesburg-Leesville has one Rotary Club as of March 1. The Twin City of Batesburg-Leesville Rotary Club has terminated its Charter, and nine club members have joined the Batesburg-Leesville Rotary Club that meets for lunch on Tuesdays.

“This decision by Twin City actually strengthens Rotary in Batesburg-Leesville and leaves the city with one stronger club,” said District Governor Beth Padgett. “It usually is a sad day when any Rotary Club votes to cease to exist, but Twin City’s decision has been thoughtful and well-executed. It also is important that the Batesburg-Leesville club has embraced this decision and welcomed members of the morning club into the fold.” Nine members of Twin City are joining the lunch club.

DG Beth thanked Twin City President Marilyn Crady and B-L President Ted Luckadoo for working together so well and making the process go smoothly. She also thanked Area 8 Assistant Governor Rysheeka Bush (Rotary Club of Aiken Sunrise) for working closely with the two clubs and leading them during this time.

The Batesburg-Leesville Rotary Club was chartered in 1928, and Twin City was chartered in 1999.

“We have been blessed with folks in our clubs who understand the situation in front of us and the need to make changes, President Marilyn said. “COVID did not help, as we lost our meeting space, and being in a small community, had difficulty in securing a place to have an early morning meeting, with breakfast.

“Ted has been super to work with during the process. Both of us want what is best for our clubs, Marilyn said. “Our towns merged, not so many years ago; it was time for our clubs to unite as one.”

B-L President Ted said, “When Marilyn and I began our terms as presidents for our respective clubs, we both shared one common vision, and that was the idea that our two clubs combined could lead to one larger and more successful club.

“While a handful of members from the morning club couldn’t take part in noon meetings, the

Batesburg-Leesville and Twin City Rotary Club members donated food items to the Wittenberg Lutheran Church Food Pantry in early February. B-L Club President Ted Luckadoo and Past President Andy Bedenbaugh are pictured delivering the goods to Wittenberg after the club meeting.

combining of our two clubs has more people together and a renewed energy among everybody.

“Since combining, we have had an increase in the number of visitors and those visitors have been joining and we believe this is due to the increased energy and more participation. We are super excited, and I am thankful to DG Beth Padgett, AG Rysheeka Bush, and Marilyn Crady for all their hard work in making this a smooth and easy transition. Without this, it could have gone differently, and we could have lost more Rotary members.”

Marilyn added, “I believe our future looks bright. We will become an even stronger Club in our commitment to Rotary and our Community. I feel we are truly a united club and community. Watch us, we are going to achieve great things, together.”

DG Beth noted that Twin City Rotary just became a 100% Paul Harris Fellow Club, and Batesburg-Leesville Rotary became a 100% Paul Harris Fellow Club in Rotary year 2014-15.

“I have the Twin City banner on my desk, and I can’t wait to visit the combined club and present the banner to Marilyn and others who were in the breakfast club,” DG Beth said. “We will have quite a celebration, and this will be a unique occasion where we will have two 100% Paul Harris Fellow Club banners on display in one Rotary Club.”

MOBILIZE MEMBERSHIP

“No one at RI is going to save us”

Is it just me? As a PDG and current district membership chair, I ask myself this question a lot. Is anyone else concerned that half of our clubs have net membership loss every year? Big clubs lose 10, small clubs lose 1 or 2. The District loses 25 or 30. Every. Year. Oh well.. Does anyone care?

I'm a small business owner, and so are many Rotarians. If your company sales are down, there are consequences.

You can't make payroll, pay your vendors, or yourself! Your product suffers because you can't afford research and development.”

Rotary is a membership organization whose product happens to be service. When membership declines, you also pay the price. Your product suffers. Clubs can't raise money for projects, they get so small they are forced to recycle their presidents, and they don't have the manpower to provide community service. Things get stagnant and, frankly, Rotary just isn't as fun anymore.

Loss of members (i.e., attrition) is a natural phenomenon. It is predictable, constant, and

By PDG John Scibal
Zone 33 Assistant Rotary Coordinator
District 7730 Membership Chair,
Southeastern North Carolina

unavoidable; people move, they die, they quit -- every year. Adding new members to replace them is an absolute necessity, but it doesn't happen by chance. It requires intentional strategies.

One strategy that has proven to be successful 100% of the time is membership events. These are events held outside the regular club meeting to educate specifically targeted prospects about your club. But there's a catch: it actually requires clubs to do something different.

In other words, it involves changing a club's culture. As we all know, the only thing Rotarians hate more than the way things are is when something changes!

Assistant Rotary Coordinator Terry Weaver provides an excellent **Recipe for Changing Club Culture**. Its main ingredient is membership events. The recipe

works, but by far the biggest challenge is to get clubs to “get it.”

No one at Rotary International is going to save us. Membership success is up to us! The questions to consider are: How do you make your club a top performer? and How do you and your club become an example of success?

The answer to both questions is that each club must establish membership growth as its #1 priority. Some clubs don't know how to grow membership, but that's OK.

Your District Membership Team is available to help in reversing your downward trend – to help you change your club's culture to one that focuses on growing, by attracting new members. Call Carol Burdette, your District Membership Chair, today.

CONCERNED ABOUT MEMBERSHIP?

Try a new community service project

BY ERIC KRITCHBAUM

District 7750 Community Service Chair

Are you looking for ways to energize and engage your members and attract new members? Clubs that start new service projects are astonished at how much interest and energy they create.

Incoming RI President, Shekhar Mehta's presidential theme is "Serve to Change Lives." Despite this pandemic-challenged year, clubs across District 7750 continue to live up to this standard.

At the local level, club leadership knows the support Community Service activities provide with membership engagement, retention, and growth goals. The ongoing dilemma of meshing these goals often relies on providing a variety of service opportunities that align with member interests and passions. This task has often been left up almost entirely to the creativity of the Committee Service Committee members – until now.

As Rotarians we are foremost motivated to service toward the betterment of our communities and world. The District 7750 Community Service project and activity database is an example of the District serving the clubs, who in turn are empowered to fulfill this grander goal.

Click [here](#) for an inventory of projects clubs all over the district are doing.

There are multiple ideas with contact information for people who can give you specific details. Most of these projects have been adapted to accommodate the pandemic challenges.

Right now is the perfect time to initiate a new service project or begin planning a project that is ready to start July 1.

Register for events on the DACdb District Calendar or the RLI website, <http://www.rli33.org>. Now is a great time to complete RLI. The virtual events are only \$35.

Find your passion in Rotary through RLI (virtual)

BY RENEE STUBBS

7750 RLI Chair
rcstubbs@att.net

The Rotary Leadership Institute is alive and well. We have now offered several virtual events. The only experience missing is the coffee and doughnuts for breakfast and Firehouse chili for lunch. The networking and participant interaction are as good as ever. It was great to watch our own Jackie Holmes from the Newberry club facilitate the Teambuilding session recently.

RLI offers one of the best learning opportunities for new members, future club leaders, and everyone interested in strengthening their knowledge of Rotary. Topics include growing membership, understanding the Rotary Foundation, and our history. Join us, meet Rotarians and share ideas that will help you grow your knowledge of Rotary.

Golden Corner collects/packs hygiene kits

Golden Corner recently collected more than 50 hygiene kits that included socks and masks contributed by Sunbelt Human Advancement Resources (SHARE). Half the kits were given to Our Daily Rest and half to Our Daily Bread. Helping distribute the kits were, from left Rotarians Cammie Kaiser, Pam Dowd, and Steve Rushton. Pictured at left are Lee Molz, volunteer coordinator, Cathy Stowers, SHARE director and Gene Williams Golden Corner Rotary Club president.

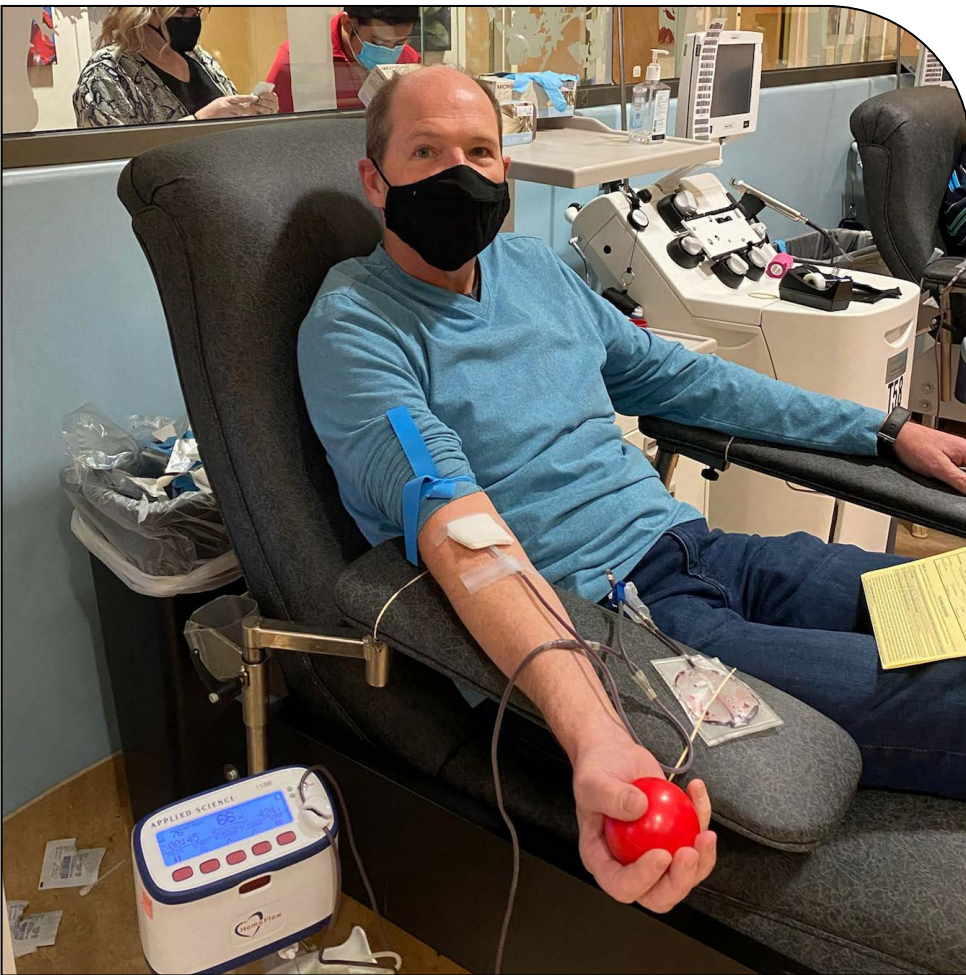

Let your community know when you do these kinds of projects.
This is one way to attract new members!
They see what you're doing and want to be a part of it.

Greater Anderson delivers care packages to hospital staff and "Stop the Spread" bags to the free clinic

The Rotary Club of Greater Anderson organized two service projects during January. Care packages were created and delivered to AnMed Health's security staff to thank them for their continued work in our hospital's environment during the pandemic. We also created 25 "Stop the Spread" bags, which contained items such as hand sanitizers, that were delivered to the Anderson Free Clinic so they could distribute them to their clients. —April Cameron

Let your community know when you do these kinds of projects.
This is one way to attract new members!
 They see what you're doing and want to be a part of it.

Immediate Past President Scott Powell and Club Administrator Michelle Patterson were two of the donors.

Let your community know when you do these kinds of projects. This is one way to attract new members! They see what you're doing and want to be a part of it.

Greenville club members donate blood/raise money

The Rotary Club of Greenville participated in a blood drive and at the same time raised funds for its Greenville Rotary Charities. The blood drive was through The Blood Connection, and \$10 was donated to Rotary Charities for each donor.

RYLA cancelled for 2021

We regret to announce that RYLA (Rotary Youth Leadership Awards) has been cancelled for 2021. RYLA Chair Pete Crandall and District Governor Beth Padgett made the decision based on several factors including that Erskine College still cannot guarantee that its facility will be available in June because of concerns about Covid-19.

This will be the second year that RYLA not taken place because of restrictions associated with Covid-19. DG Beth asked that Clubs continue to budget for RYLA in their 2021-

22 budgets. "RYLA is an excellent program and we intend to continue offering this leadership experience to students in District 7750," Beth said. "We plan to have an enhanced RYLA experience in 2022."

Rotary Youth Leadership Awards is a leadership program coordinated by Rotary Clubs around the globe. Each year, thousands of young people participate in this program. Young people are sponsored by Rotary Clubs to attend the event run by the District's RYLA Committee.

Let your community know when you do these kinds of projects.
This is one way to attract new members!
 They see what you're doing and want to be a part of it.

Seneca Rotary Club supports the Rotary Book Mission

Seneca Rotary Club donated signed books by author and illustrator Kate Salley Palmer to Ravenel Elementary School. This donation was made possible by Rotary Club Member Flora Riley.

The club also participated in the "Adopt a Classroom" program by donating \$400 to the same school. Members donated their lunch money to raise the funds since the club has been meeting virtually.

First-year teacher Casey Duncan received the donation. The money will be used to purchase a book for each child in her first grade classroom and to purchase books for a classroom library.

Standing in front of the display of books are club president Earnestine Williams, school principal Robin Cox, teacher Casey Duncan, and club member Flora Riley.

Retention is good but... It's time to attract some Rotarians

BY PDG TERRY WEAVER

7750 Innovative Club Advocates Team

Did you realize that clubs are successfully attracting new members despite COVID-19?

Yes, and in fact hundreds of people have joined Rotary across our District and others who have never attended an in-person Rotary meeting.

So far this year, Anderson and Aiken have each found 9 new members, Greenville 10 and Fountain Inn 11. Scroll down for your club's data.

If your club's new member attraction engine is stalled, it's time to crank it up. If your club is smaller today than it was in July, it's probably not the fault of attrition, which happens with or without a pandemic.

The reason many clubs are smaller today is failure to attract members at their historical

pace.

Taking a hard look at the data, comparing the first half of the past 5 Rotary years, our District's attrition for July 1 to December 31, 2020 is 7% LOWER than the average of the same period in the prior 4 years.

We are doing better than ever, COVID or not, in retaining members this year. Higher attrition is not the cause of our membership decline.

There are people out there who are Rotarians, but just don't realize it. They're interested in what we do. They haven't heard about Rotary and they haven't been asked to join. Will you lead an initiative to go find some of those in your community?

Bonding your Rotary club, Reading Together

SARA MANSBACH

District 7750 Literacy Chair

They were called Book Carriers, Book Librarians, or Pack Horse Women during the depression in violent Eastern Kentucky.

They formed the Kentucky Pack Horse Library Service, which spanned the 1930s and early '40s during FDR's WPA era, delivering books up and down hills and hollers where miner's cabins and stone schools were hidden on the mountain sides. Before they began, their territory was a book desert.

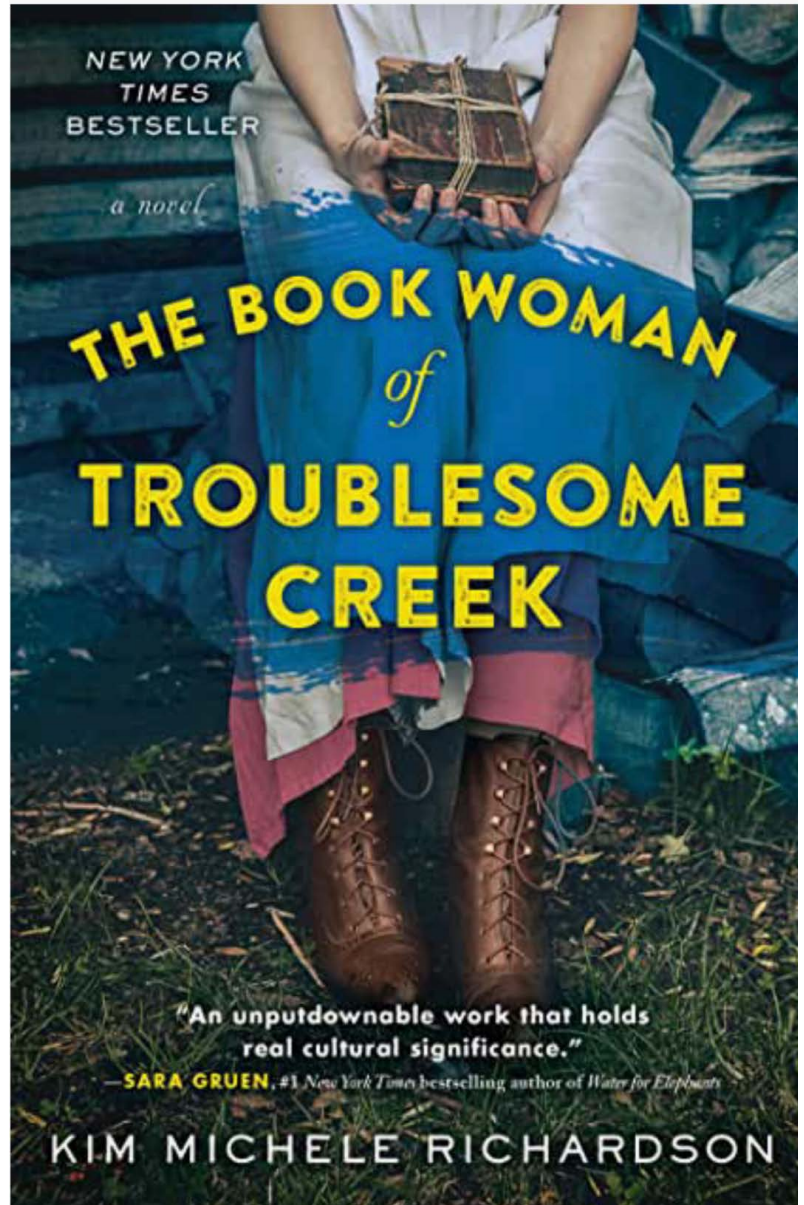

A New York Times Bestseller, *The Book Woman of Troublesome Creek* by Kim Michele Richardson was inspired by the true, historical, blue-skinned people of Kentucky and the brave women who delivered literacy and comfort to their hardscrabble, poverty-stricken neighbors. From 1935 until 1943 in 48 counties, they served more than 1000 patrons with more than 1.5million donated books.

This book is a fascinating read, and its themes cover seven of our seven Rotary service areas—basic education, peace and conflict, disease prevention, economic development, clean water, maternal and child health, and our newest focus area, the environment.

I heartily recommend an all-club reading time. Perhaps your local library has launched a massive yearly "Community Reads Project", a given timeframe where 100's of people read and have programs on the same book each year. This has been a hugely popular national activity since 1997.

Rotary Club Reading can occur at the club members' leisure and discussion of the book at a regular meeting. The goal is to get to know other readers, share analysis and opinions, develop a deeper understanding of the book, and have fun. Zoom is a great and safe meeting vehicle. If you belong to a smaller Rotary Club, everyone can discuss on one screen. If your club is larger, use Zoom breakout rooms.

There are a number of videos providing

background information and book reviews to enhance your discussion of *The Book Woman of Troublesome Creek*. An excellent video synopsis with historical photos can be found at the [Pack Horse Project](#). For foodies, PBS has an enjoyable video with [WPA cooking recipes and a discussion](#). Clubs can locate a number of videos providing background information and book reviews to enhance your discussion.

To find guides about how to hold a Rotary Club Group Reading Program, and seek out other best books for common reading, look under "common reads" or "community reads" on the internet.

Let your community know when you do these kinds of projects. This is one way to attract new members! They see what you're doing and want to be a part of it. They see how relevant Rotary is in YOUR community.

Michael Clancy with Amber Owens.

Mike Barnes and Past President Pam Giardiello.

Michael Clancy and Yokima Cureton.

Mike Barnes, Past President Sharon Novinger, and Michael Clancy.

Valentine Surprises in Lancaster

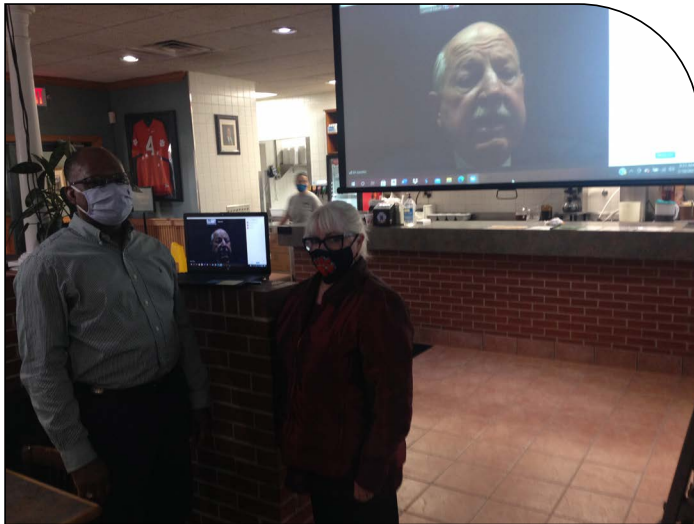

Lancaster Breakfast Rotary Club participated in a fundraiser for the Lancaster Society for the Prevention of Cruelty to Animals and Women's Enrichment Center during Valentine's Week.

Those two non-profit organizations chose to have a fundraiser and offered floral Valentine arrangements and split the profits.

The Lancaster Breakfast Club decided to send flowers to all of female members as a way to thank them for their service as Rotarians and support these two non-profits.

Past President (2006-2008) Michael Clancy and President-elect Mike Barnes delivered the flowers to their business. Surprisingly enough, one involved tracking down Rotarian Yokima Cureton in her food truck, Taco Ole' !

Golden Corner news

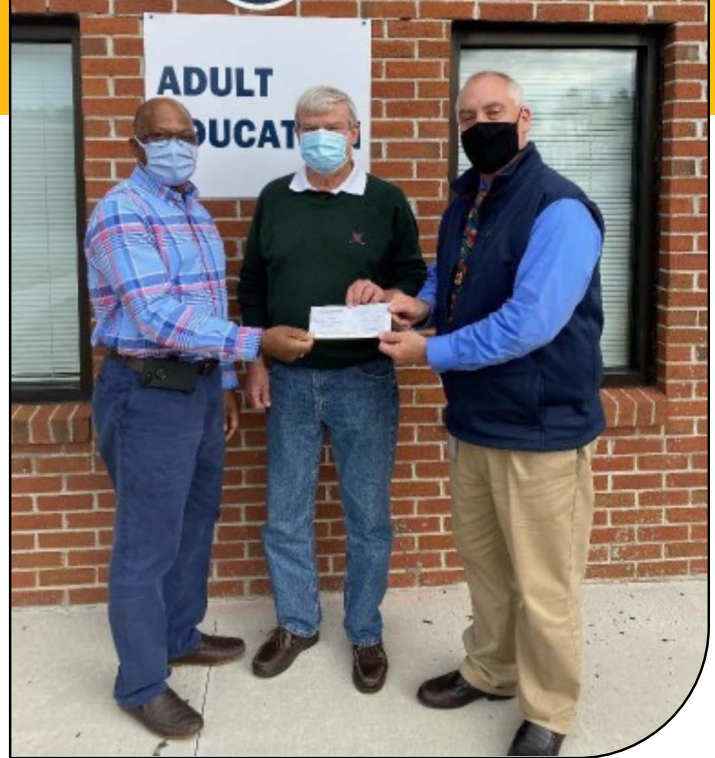

State representative updates Golden Corner

Rep Bill Sandifer, R-Seneca, updated the Golden Corner Rotary Club by Zoom from Columbia about the current legislative session.

Bill said the lawmakers were working on abortion, gun laws and also covid relief including allowing medical and nursing students to administer vaccinations.

Pictured with him are club president Gene Williams and Rotarian Lorraine Harding.

Church donates to Golden Corner GED fund

Seneca Presbyterian Church contributed \$3,000 to the Golden Corner Rotary GED Scholarship Fund which pays the fees for those taking the GED exam. It can cost as much as \$150 for one person to take the exam, often key to gaining employment. Pictured from left are Golden Corner Rotary Club president, Gene Williams, Rotarian Don Lesley and Rotarian Steve Moore who is the director of Adult Education for the School District of Oconee County.

Tim Conroy, President Anne Violanti, Angel Neelands and Mary Sieck.

Lake Wylie recognized by Clover School District

The Lake Wylie Rotary Club was recognized on Monday, February 22 at the Clover School District Board meeting for their generosity.

The Club donated funds to recognize the outstanding service provided to the students by the District's nurses.

The nurses are going way above and beyond their call of duty, due to all the challenges of COVID-19.

Working for peace when violence strikes

BY BARBARA SHAYEB-HELOU

7750 Fellowship and RAGS Chair
barbara.shayeb076@gmail.com

Just when I thought that I had a familiarity with the Action Groups within Rotary International; they certify another. The **Action Group for Refugee Displacement and Migration** is our latest member.

In the early 90's I ran a refugee resettlement program in Florida and I know how vital this can be for our culture and how we as a nation can benefit.

War, conflict, food insecurity and forced migration can result with people who are considered stateless. As a whole they benefit us.

And how many of us have parents or grandparents who came from another country? I know I did.

The RAG for **Slavery and Human Trafficking** now has more than 4,000 members.

If you have never checked out its website, please do. It may not be what you think of when you think of Rotary. But we need to address the issue of sex-slavery; it exists in the world, probably in your town, and it should not.

The Action Group for **Health, Education and Wellness**, HEWRAG, will address exactly that.

The six areas of focus for humanitarian development: peace, ecology, food security, education, clean water and access to education and climate are all addressed by ESRAG. That's the Action Group that wants us all to begin "victory gardens" in low income neighborhoods.

The **RAG for Peace** is planning for the International Day of Peace on September 21. This is a suggestion: plan a high school speech or essay contest on peace. Contact me, if interested; I have a list of contest and judging rules. Don't forget prizes are a must. And local members of Toastmasters International could be your judges.

Rotary loves collaborations.

Rotary Works is an initiative to benefit Rotarians and Rotaractors within our Zones who are experiencing career transition. Four distinct programs will provide education, networking, coaching and/or financial resources for participants.

Coaching and mentorship are available from a cadre of volunteers whose professional experience is relevant to career transition.

Use ICA to build a bigger, stronger Rotary

We all have a responsibility to pass the gift of Rotary on, so let's build a bigger and brighter Rotary in District 7750 together. The Innovative Club Advocate (ICA) Team is ready to help Rotary Clubs find flexible, creative ways to bring the gift of Rotary to more people.

All organizations must, from time to time, adapt their messaging and their product (the club experience) offerings; and now is Rotary's time. The ICA Team is asking clubs to consider how they can get involved with fostering new and innovative clubs this year, using the various new

club models (caused-base, e-clubs, satellite, and passport).

Our Rotary Clubs have a passion for service. They are making a difference in their communities, but to continue to do so, clubs must bring more people into Rotary.

The ICA team is asking current clubs to help mentor new clubs, to serve as guides to new leaders as new clubs form, and to even fiscally assist with membership and organizational costs as new clubs develop in their infancy year(s). The list of ways you can assist is only limited by your imagination. For more information contact ICA Team member Terry Weaver at dg2015@rotary7750.org

New PHF in Chester

Become a Covid Community Champion

Rotarians across District 7750 are using the occasion of getting their Covid-19 vaccinations to promote Rotary and encourage their friends and family to get the vaccinations as well.

Where we are with polio giving

The joint goal of all of our clubs in the district for this year is \$108,590. We have received \$91, 594.

BY DOUG KAUFFMAN

7750 Polio Chair

We are not far from our goal, which was more modest than usual this year because of the COVID challenge which we have all faced and have had to factor into our Rotary fundraising efforts.

However, every dollar we can raise for PolioPlus ensures that the vaccination efforts in Pakistan and Afghanistan, where the wild polio virus is still endemic, can go on with all possible speed.

So, we thank you for your generosity already and I encourage our clubs to reset our goal for this year to \$125,000.

We can do it, especially because we are coming into the season when many of our clubs will be sending in their PolioPlus

contributions for the year.

I also encourage all of our clubs to give generously to our Annual Fund goal to ensure we meet our goal of \$353,042, which needs to be reset to \$425,000!

Lastly, please take time to read the article, *How We Did It*, in your February Rotary magazine. This article documents the incredible accomplishment of eliminating the wild polio virus from Africa.

(You may not realize, I did not until this year, that while the wild polio virus is the main danger regarding the spread of polio, a very small

percentage of cases of polio can develop from the actual giving of the vaccinations. Such cases are addressed in “quick responses around the globe” to wherever such a rare case or cases may show up.)

Please call me if you have any questions.

Guatamala Covid update from Aiken area project coordinator

By Johnny Walker

Rotary Club of Aiken Sunrise

Guatemala has not vaccinated any of its citizens because the country cannot purchase any vaccine doses. They are negotiating with Russia to get the Sputnik V vaccine in March. They also are awaiting vaccines from COVAX, the UN facility with a charter to send vaccines to poorer nations. Guatemala would only get 400,000 COVAX vaccines for a population of 17 million.

Guatemala has had 6,000 reported COVID deaths, though it is difficult to make an official count due to overcrowding in the cities and poor access to

rural communities. If the population of Guatemala were the same as the U.S., that number represents 120,000 deaths.

Pandemic restrictions in the country are having a profound effect on the poorest residents who cannot work and have no money for food. [More](#).

We featured the work of the Area 8 Rotary clubs in Guatemala in our [January issue](#). This is an update on the Covid situation there.

2020-21 District 7750 Rotary Foundation Giving

through 2/25/2021

65.8% of Year Completed

Annual Fund Goal	\$ 353,042 (50 of 50 – 100%)
Annual Fund Total	\$ 237,820 (67.4% goal)
Annual Fund Per Capita	\$ 94.67 (2512 members)
Other Funds	\$ 0
Endowment Fund	\$ 6,000
PolioPlus Goal	\$ 108,590 (50 of 50 – 100%)
PolioPlus	\$ 91,694 (45.9% goal)
Total Giving	\$ 335,514
\$0 AF Clubs	3 (3 of 50 – 6%)

Rotary Direct	65 (-3 for year)

All-time for District

Paul Harris Fellows	5,431
Benefactors	815
Bequest Society	102
Major Donors	95

Deadlines loom for District Grants

Why do we give to The Rotary Foundation?

Rotary's motto is "Service Above Self" and The Rotary Foundation's motto is "Doing Good in the World." By giving to The Rotary Foundation, we can fulfill both ideals. The Rotary Foundation allows us to pool our resources of time, money, and/or talents with the opportunity of "Doing Good in the World."

Rotary Clubs have one of their most direct connections to The Rotary Foundation through their participation in District Grants. A significant portion of Rotary Foundation donations is returned to our District each year that can help clubs fund projects in their communities. Two important deadlines are looming related to District Grants.

The Final Report is due by March 31 for grants that were administered in the current Rotary year. Please use the online form found [here](#) (under Forms and Applications) and make sure you scan and attach your receipts. Also, make sure that you retain the original receipts and a copy of your Final Report. Send the completed report to District Grants Chair Bill Harley at william.harley@firstcitizens.com and District Rotary Foundation Chair Lorraine Angelino at dg2013@rotary7750.org.

District Grant applications for 2021-22 are due no later than April 30. Club Presidents-Elect have received information about the Application Process, Eligibility, Grant Priorities, and Terms and Conditions for the grants. Copies are in their Pre-PETS notebooks and also can be found [here](#).

District Grant applications must be submitted using the online form but each President-Elect has been supplied a hard copy of the form so they can do a rough draft.

Questions about grants for Rotary year 2021-22 should be addressed to District Grants Chair Bill Harley at william.harley@firstcitizens.com or District Governor Beth Padgett (who will be District Rotary Foundation Chair in 2021-24) at bpadgettrotary@outlook.com.

When you complete your grant project, be sure to tell your community—use social media, old-fashioned newspapers, word of mouth, even a billboard! This is one way to attract new members! They see what you're doing and want to be a part of it. Let people see the relevance Rotary has in your community.

World Immunization Week in April

Download the [World Immunization Week Toolkit](#) and use it as another way to attract members to your club.

Press releases, social media and member communications are easy and free strategies that will help. With decades of experience from working to eradicate polio, Rotary members can play a key role in publicizing the power of vaccines. World Immunization Week, April 24-30, is an opportunity for Rotary clubs to raise awareness of the importance of vaccines in saving lives — and the critical need to continue supporting polio vaccinations even while protecting people against the coronavirus.
