ROTARY INTERNATIONAL

## Summing up and looking forward

**BY DG FRANK COX**

Fellow Rotarians - wishing you a very happy, healthy, and prosperous 2022.

We have had a wonderful Rotary year in 2021 – thanks to each of you for being a ‘service above self’ Rotarian while serving your community and your fellow Club members.

Let’s keep it up and have an even better 2022. As our wonderful RI President, Shekhar Mehta, says let’s ‘grow more and do more.’

I have finished my official visits and have participated in several programs, projects, and festive meetings. Lancaster Breakfast really surprised me – they had 12 members recognized for their Paul Harris participation to include a major donor.

That was a special visit and as you look forward this year, we want you to promote participation in the Rotary Foundation and become

an Every Rotarian, Every Year (EREY) Club! We had many in 2021, so let’s double the effort this year.

### MEMBERSHIP IS GOING WELL

As most of you know, Rotary is a membership organization that provides service across the world – an amazing statistic in how much we do to promote the 7 focus areas.

Our District has made remarkable progress in Honduras, Guatemala, and Haiti – clean water, agriculture, and maternal care.

We have so many clubs to compliment on their achievements and excellent projects. We can’t list them all but this wheelchair project (see page 2 for more) from Lake Wylie is just one example. Please know that each club and every member is much appreciated and valued for what you do. Thanks. —Frank

Back Row: Lake Wylie President Mark Wilson, Ed Lindsey, Eddie Lukowski and Project Coordinator John Haney. Front Row: Mary Sieck, Paul Moran.

## Frank's column—

from page 1

We all should be proud of our 'global' programs. If you have an interest in supporting those programs let me know and we will link you up with our program leaders – Al Steele, Ben Ficklin, Johnny Walker, and Charles & Gillaine Warne are the champions for these programs.

This week, I received a report from Terry Weaver who leads our Zone in membership and innovative new clubs. His report was uplifting – we are doing a terrific job of growing new members and hopefully, retaining those members who haven't been participating regularly – I urge each of you to make sure that your fellow club members who haven't been beside you at your meetings or projects to get them reengaged.

My advice – start now in engaging all your members especially in meaningful service projects and community programs.

**THE GOOD NEWS:** As of December 27, we are ahead of the success track model and have a net gain of 37 new members – thanks for your effort and continue to promote the "Each One, Bring One" theme by our RI president.

## Plans for next Rotary year

Please look at your 2022-2023 plans for the next team of Club officers and leaders. DGE Joyce Morin is planning an updated Pre-PETS program for your PE and PN.

Currently the training will be at Newberry College and registration is open on DACdb – please get your new leaders enrolled and trained to prepare them for their vital roles. Look forward to seeing PEs and PNs at the training. Watch for emails from Joyce.

Let me know how we can be of any assistance in Membership, Foundation, Public Image/Public Relations (or any functional area). We want to make sure that you are successful in growing and retaining your members and spreading the good news of all that you are doing in your communities. We will have a monthly Zoom session with Carol Burdette, Beth Padgett, Mark Eisengrein, & Ellis Gourdin to update you and address your issues – look for the zoom announcements each month. Keep up the great work!—Frank

**SAVE THE DATES:**

**May 13-15, 2022**

**District Conference**

**Winthrop University in Rock Hill**

### Provides wheelchairs with District Grant

## Lake Wylie Rotarians partner with Chair the Love

The Lake Wylie Rotary Club coordinated with Chair the Love to provide wheelchairs to folks with mobility challenges.

Chair the Love is a 501(c)3 founded by an Air Force Veteran and Florida Rotarian, Glen Mather (for more information, please visit [chairthelove.org](http://chairthelove.org)).

The newest Lake Wylie Rotarian, John Haney, is also an Air Force Veteran and friend of Glen's. John coordinated the

project (including use of District Grant funds) and placed the wheelchairs where they were most needed.

Lake Wylie Rotarians delivered wheelchairs to Carolina's Rehabilitation Hospital in Charlotte and Hospice and Community Care in Rock Hill.

In addition to community service, the Rotarians enjoyed fun and fellowship!

# PDG Carol Burdette awarded state's Order of the Palmetto

Past District Governor Carol Burdette has been awarded the prestigious Order of the Palmetto. The award is South Carolina's highest civilian honor recognizing a lifetime of extraordinary achievement, service, and contributions.

A native of Pendleton and a graduate of Southern Wesleyan University in Central, Carol has served as Executive Director of United Way of Anderson County since July 2002. She also was mayor of the Town of Pendleton in Anderson County for 12 years.

Carol has served on the boards of Anderson University, Spartanburg Methodist College, Sister Cities International and the Anderson Oconee Pickens Mental Health Board. Her long resume of community service includes work with, among other groups, the South Carolina Municipal Association, AdvanceSC, Ten at the Top, the YMCA, Rotary International and the South Carolina Association of Nonprofits.

Carol served as District Governor in 2008-2009 and again in 2018-2019. She currently serves as District Membership Chair and is extremely active in her own club, the Rotary Club of Anderson.

"I am both humbled and grateful," Carol said in accepting the Order of the Palmetto. "God has opened more doors than I can count over my 30-plus years of being able to serve this community, in more organizations and in more ways than I can name here this evening. I get the greatest joy in the world from serving."

An individual must be nominated for the Order of the Palmetto. This once-in-a-lifetime award may only be presented to natives or residents of the State of South Carolina.

Applications for the award must include a minimum of one letter of recommendation from either the State Senator, State Representative or U.S.

Representative representing the nominee's district of residence or either of the state's U.S. Senators.

Applications must also include letters of recommendation from individuals who can attest to the nominee's character, accomplishments, and his or her significant contributions on a local, statewide or national level.

Immediate Past District Governor Beth Padgett was asked to submit a letter of recommendation for Carol based on her volunteer work in general and particularly her service through Rotary.

"Carol is a natural leader. She is inspirational, and she constantly looks for ways to support and encourage others. She always is willing to take on any challenge," iPDG Beth wrote in her letter of recommendation to Governor Henry McMaster. "Carol embodies the Rotary motto of 'Service Above Self.'" She works tirelessly for Rotary, her community, and people in need."

She works tirelessly for Rotary, her community, and people in need.

—IPDG Beth Padgett

7750 Foundation Chair Beth Padgett recognized Anderson Rotarians who have reached new levels of giving.

## Anderson Rotarians receive PHFs

Club Foundation Chair PDG Lee Luff, and District Foundation Chair PDG Beth Padgett recognized 18 Anderson Rotarians during Rotary Foundation month in November.

Rotarians receiving their first Paul Harris pin included : Ronnie Booth, Bob DiPesa, Jovanna King, Kylie Herbert, Lauren Lindsay, Scott Miller, Ralph Little and Alex Ward.

Those receiving PHF + pins included: Rick Adkins +1, Clint Bates +1, Cara Hamilton +1, Tim Self +1, Mike Wilson +1, Lee Luff +2, Robert Rainey +2, Ben Hagood +3, Butch Hughes +5, and Dr. Bob Austin +6.

November 16<sup>th</sup> was a day to celebrate in Anderson.

Club member Amelia Nelson holds the pool poster.

### Greater Anderson

## Paul Harris Pool for Polio" fundraiser for WORLD POLIO DAY

The members of the Greater Anderson Rotary Club purchased squares on the "pool" poster to be eligible to receive a Paul Harris Fellow (PHF) in recognition of World Polio Day.

The fundraiser ran from Oct. 7th to Oct. 29th when the drawing was held to award the winners.

There were 50 squares at \$20 each raising the \$1,000 to be donated to The Rotary Foundation-PolioPlus program in the first-place winner's name.

Other awards were 500 points transferred to second and third place winners and 250 points transferred to fourth and fifth place winners.

First place Michael Cunningham

Second place Kendall Cleary

Third place Cobb Oxford

←4th place April Cameron  
↑Fifth place Sylvia McLeod

# MOBILIZE MEMBERSHIP

In 1997, with less than 90 days of operating cash remaining, Apple was, as Steve Jobs would later say, “in trouble.” So, Apple launched an ad campaign called “Think Different.”

The ad campaign was anchored by a memorable spot called “The Crazy Ones” that celebrated visionaries of the 19th and 20th centuries, such as Albert Einstein, Thomas Edison, Mahatma Gandhi, Muhammad Ali, and many others. Part of the text of ad contained the following:

“Here’s to the crazy ones. The misfits. The rebels. The troublemakers. The round pegs in the square holes. The ones who see things differently..... They push the human race forward. And while some may see them as the crazy ones, we see genius. Because the people who are crazy enough to think they can change the world are the ones who do.”

## THINK DIFFERENT

Similarly, Rotary clubs must “Think Different.” They must create new pathways to attract and retain Rotary members.

How? First, by adding innovative membership types, such as Corporate, Family, Service, and Social. Second, by developing new innovative clubs, such as Satellite, Companion, Alternative Meeting Time, Cause and Interest-Based, and E-Clubs.

Steve Jobs and Apple changed the way we view computers, moving from a clunky desktop to a lighter laptop to a handheld phone to devices as small as a watch.

Computers still compute, in fact more efficiently than ever, but they connect people in ways that most of could not have imagined not long ago.

Just as our computing devices now connect us, Rotary can connect individuals who want to change the world. Providing new platforms for service in the form of Innovative Clubs and new pathways into Rotary in the form of Innovative Membership Types will ensure our viability as an organization and the success of our mission to provide service to others, promote integrity, and advance world understanding, goodwill, and peace.

**ALL WE NEED IS THE VISION AND COURAGE TO “THINK DIFFERENT.”**

*7750 PDGs Carol Burdette and Terry Weaver are on the zone membership team which prepares the mobilize membership articles.*

Want to learn more about **INNOVATION IN MEMBERSHIP?** Just click here to see a large resource library to help you get started. In the lower right part of that web page, you will see a specialist in your district dedicated to creating Innovative Clubs and two specialists in creating Companion (IMPACT) clubs.

You will also see our Zone 33 Innovative Member Pathways Advocate, who will help your club develop Innovative Membership Types. Just click on the name of the person you want to contact.

## Partners in Literacy Haiti

# Children in Haiti need lots of resources to help them read

BY SARAH MANSBACH

Rotary Club of Pleasantburg

For the children and families of Haiti, the opportunity to learn to read will be life-changing. Haitian teachers are eager to teach and young Haitians are eager to learn—they just lack the resources to strengthen education by providing engaging reading opportunities.

Picture village libraries with many colorful books about age-appropriate and interesting subjects. Picture teachers who are excited about checking books out of our libraries and sharing books in their classrooms. Picture groups of children enjoying story times, games, and activities in the library. Picture our vision.

Learning the Kreyól alphabet is central to early literacy, so PILH is dedicated to teaching young Haitians to read in their native language. We have developed fun and colorful alphabet charts and flashcards to facilitate learning in Kreyól. This past year, to our knowledge, PILH was the first organization to introduce these tools in Haitian classrooms.

As a Friend of PILH, you will help us:

- Make children's books in Kreyól more widely available
- Print and distribute Kreyól alphabet charts
- Train teachers to use these tools
- Continue to focus on underserved community

and school libraries

- Offer Zoom meetings and services to develop the new Haiti Library Alliance
- Begin to hire Haitian staff to better implement our work

In October, Partners in Literacy Haiti (PILH), our nonprofit has received its independent 501 (c)(3) tax exempt status with EIN #87-0904773. Before this, we worked as a volunteer committee in Haiti since 2011, and mentored libraries, created curriculum, and trained teachers; now wider outreach will be possible.

You can become a Friend of PILH, by making a tax-deductible gift today. \$25 will allow us to distribute additional books, \$50 provides alphabet charts, \$100 or more will help with teacher training. Larger donations will help us increase our Haitian staff. Each gift will make a difference to precious children in Haiti eager to read.

To learn more about us, visit our website at [haiti-literacy.org](https://haiti-literacy.org). To make a gift today by check, our address go to <https://haiti-literacy.org/donate/> to donate online with a credit or debit card, Apple Pay, PayPal or Venmo. Call PILH Board Treasurer Rita Yarbrough (Rotary Club of Newberry), 803-271-3602, with questions.

[VIEW A FACT SHEET ABOUT PARTNERS IN LITERACY HAITI.](#)

## Library update at Golden Corner

Rob Peirce, head of Human Resources for Anderson County Library, updated the Golden Corner Rotary Club about the growth of library services. Pictured from left are Golden Corner Rotary Club Sergeant At Arms Patrick Lee, Rob, and Rotarian Sandy Peirce.

## Planting gardens and making peace in RAGS

**BY PDG BARBARA SHAYEB-HELOU**

D7750 Chair, RAGS and Fellowships

Happy New Year!. Let's make this a great Rotary year.

The RAG for Food Plant solutions suggests that your club help elementary school children plant a garden. Just think of the excitement when a young child picks his/her first red tomato!

Young gardeners become gardeners for life.

The Fellowship for Peace has had staffing changes. They now seem to have younger and very involved people with careers that speak for themselves. They have been involved with conflicts and have offered solutions.

Eight Rotary Clubs in Turkey have joined forces to attempt to accept each others strengths and weaknesses. and to create a program to explain the potential for peace. among people without regard for age,sexual orientation or national origin.

The RAG for Peace has developed a program in Central Florida that will benefit disabled and physically challenged people. Actually at any given time there are over one billion physically challenged people. Rotarian Bill Redmon has devised a program in peddle boats that are easy to operate along the ponds of Central Florida that could afford them much pleasure and fun.

Bill can be reached at: [bill@removingbarriers.com](mailto:bill@removingbarriers.com) or <http://superheroes.peddle.org>

# District Grants for 2021-2022

Because of your generous giving to The Rotary Foundation, the District Grants Committee was able to approve and fully fund all grant applications that were received for 2021-22, a total of \$114,487.

On these two pages are snapshots of some of the grants. The figure for each club is the amount of the grant, not the total amount of the project.

## Featured Rotary Grants

Pickens	Hagood Mill Equipment	2,500
Pleasantburg	Dress A Child	5,000
Reedy River	EAFK	2,500
Reedy River	Litter Ends Here	2,500
Seneca	Education Support	2,500
Simpsonville	Rotary Christmas	500
Simpsonville	Dictionary	2,000
Union	Reading with Rotarians	2,500
Westminster	Urban Renewal	2,500
York	Poppie's Garden	4,500

## Details about more 2021-22 District Grants

These are the last of the District Grants that were approved for Rotary Clubs in District 7750 for 2021-22. The dollar amount included is the amount of the grant, not the total cost of the project. Rotary Clubs are required to match District Grants with club funds. These grants are possible because of your contributions to the Rotary Foundation. A club's level of Foundation giving to Annual Fund – SHARE determines the grant amount for which it is eligible. Clubs cannot receive more in a grant than the combined total Annual Fund – SHARE giving for that club.

### PICKENS

#### Hagood Mill Equipment \$2,500

The Pickens Rotary Club will purchase heavy-duty picnic tables, charcoal/wood fire rings and grill, and heavy-duty trash cans for new picnicking and camping sites for Hagood Mill Historic Site. They will do a significant amount of work including clearing and leveling the sites, making the camp site map, and setting up

and installing the picnic tables. They will help set up recreation equipment as well.

### PLEASANTBURG

#### Dress-A-Child Greenville \$5,000

The Pleasantburg Rotary Club will provide \$120 of new clothing to approximately 100 impoverished students in Greenville County Schools. Studies show that children appropriately dressed in new clothing have higher self-esteem and, consequently, higher educational performance. Assistance with clothing also helps unburden needy families.

### REEDY RIVER

#### EAFK \$2,500

The Reedy River Greenville Rotary Club will sponsor EarlyAct FirstKnight children in grades K-8 at the Robert E. Cashion Elementary School and Powdersville Middle School. EAFK is a revolutionary character and ethics education program for developing young people into ethical, morally sound, community

oriented, self-disciplined, and responsible members of society.

### REEDY RIVER

#### Litter Ends Here \$2,500

The Reedy River Greenville Rotary Club will work with Litter Ends Here to eliminate litter in Greenville County through clean up, enforcement, and prevention education. These funds will help support 500 volunteers in removing 10,000 pounds of trash from Greenville County in the months of October 2021 through February 2022. They also hope to create awareness by cross promoting clean ups and litter prevention education.

### SENECA

#### Education Support \$2,500

The Seneca Rotary Club will partner with the Blue Ridge Community Center in Seneca to help provide a rigorous summer learning program and educational resource center to help students in grades K-5 and particularly those who

## 2021-22 District Grants—

qualify for free/reduced lunch programs. The goal is to reverse patterns of low achievement among low-income students and help each student reach his or her maximum potential.

### **SIMPSONVILLE** Rotary Christmas **\$500**

The Simpsonville Rotary Club will provide gifts for families at Christmas through the Simpsonville Police Department Advocacy Program. The Rotary Club will provide gifts for children as well as gifts and food for the parent(s).

### **SIMPSONVILLE** Dictionary **\$2,000**

The Simpsonville Rotary Club will distribute dictionaries to all third graders at the eight elementary

schools in the Simpsonville area. Rotary Club members also will go to the schools for a presentation to the students along with an explanation about Rotary.

### **UNION** Reading with Rotarians **\$2,500**

The Union Rotary Club will purchase and distribute grade-level reading books to students at Monarch Elementary School. The students will learn four ways that reading can change their lives for the better. Several books will also be purchased for the teachers to aid in student learning.

### **WESTMINSTER** Urban Renewal **\$2,500**

The Westminster Rotary Club will help with urban renewal in downtown Westminster, and

indeed, the club has already been helping with renewal efforts to date. The grant funds will be used for a much-needed outdoor stage and seating area that can be used for concerts, plays and other community gatherings.

### **YORK** Poppie's Garden **\$4,500**

The York Rotary Club will construct Poppie's Empowerment Garden on the property of a local non-profit organization, Tender Hearts Ministry. The all-season greenhouse and surrounding garden area will grow fresh fruits and vegetables for homebound senior citizens and homeless citizens of the York Community.

## All three parts of Rotary Leadership Institute will be offered on Feb. 5 in Anderson

### BY RENEE STUBBS

RLI District 7750 Chair

Rotary Leadership Institute offers one of the best learning opportunities for new members, future club leaders, and everyone interested in strengthening their knowledge of Rotary. Topics include growing membership, understanding the Rotary Foundation, and our history.

Join us, meet Rotarians and share ideas that will help you grow your knowledge of Rotary. Register for events on the DACdb District Calendar. For more

information about RLI visit the RLI website, <http://www.rli33.org>. We are offering both Virtual and Face-to-Face sessions. You may register for virtual events with any district.

District 7750 is offering all three parts in a face-to-face event in Anderson on Feb.5, 2022. If your area is interested in hosting an RLI event, contact Renee Stubbs, District 7750 RLI chair. [dg2023@rotary7750.org](mailto:dg2023@rotary7750.org)

# PolioPlus Challenge surpasses goal; raises more than 2020 campaign

BY PDG BETH PADGETT

7750 Rotary Foundation Chair

Last year's Doug and Sally Kauffmann PolioPlus Challenge Match was hugely successful in its first year, and the great news is that the Kauffmann Challenge has raised even more money for PolioPlus this year!

Many thanks to Doug and Sally who are members of the Rotary Club of Greenwood. Doug also is serving as the District PolioPlus Chair for the second year.

## 7750 Polio Plus Chair

**DOUG KAUFFMANN**

Rotary Club of Greenwood

dougandsally@embarqmail.com

864-551-9922

Our District had **\$34,461** in contributions this year (compared to \$27,586 last year) that met the terms of the challenge. In addition, we had contributions from Rotary Clubs of another \$7,350.51 made at the club level. Total contributions – including contributions made by Rotary Clubs – to PolioPlus during this period were \$41,811.51 compared to \$32,908 last year.

Points to be distributed from Doug Kauffmann's personal Rotary account will be 39,222 compared to 35,065 last year. Many Rotarians qualified for double matching points. Also, we had quite a few Major Donors give generously during this period even though they aren't eligible for Recognition Points.

Doug initially had announced a goal of raising \$28,000 this year for PolioPlus from Rotarians in the District and that he would match that amount dollar for dollar. He and Sally quickly agreed to match the more than \$34,000 raised during this year's campaign. This is extraordinarily generous of the Kauffmanns. Please find an opportunity to tell them thank you for their commitment to Rotary and to eliminating polio.

Eradicating polio has been the signature project of Rotary International since 1985. At that time, there were approximately 350,000 cases of polio a year. In 1988, Rotary joined the Global Polio as one of several partners in this public-private partnership.

So far in 2021, there have been a total of 5 cases of the wild poliovirus reported in the two endemic countries. Four cases have been reported in Afghanistan (two in January and two in the past couple of months) and one case was reported in Pakistan in January. We really are "this close" to eradicating polio.

Thank you for giving generously to The Rotary Foundation and for supporting our work to End Polio Now. Are you interested in joining the District 7750 PolioPlus Society? It's easy. Give \$100 to Polio Plus this year and preferably in addition to your regular Foundation Annual Fund contribution. Pledge to give \$100 a year until we have ended polio. Contact me at [bpadgettrotary@outlook.com](mailto:bpadgettrotary@outlook.com) for more details.
