#### Clover **Interact Club helps** with city festival

The Interact Club at Clover High School helped with Clover's first Holiday on Main Festival in December.

Club members set up the tents and booths for the vendors, kept the streets clean during the festival and supervised and assisted with the holiday related activities and events.

Interactors had a great time helping and were officially in the holiday spirit by the time their shift ended.

Sponosred by the Rotary Club of Clover, this Interact club is the largest in D7750.

#### **Governor's Message for the new year**

#### Not yet? No problem. Today's the day.

#### BY DG JOYCE MORIN

Ever hear the saying, "...The best time to start a diet is tomorrow?" It's so easy to put something off until later—to figure we have all the time in the world to plan—and that we have scads of time to bring those plans to life.

Truth is, when our Rotary year started in July, we were given 525,600 minutes to achieve our dreams. Our clubs have accomplished so much good in the world since then.

At the half-way point, New Year is the natural time for us to review our goals, reflect on our current situations, and revise action plans so that we end the year with stronger clubs, greater visibility, and maximum impact in our communities.

Haven't figured out how to solve a particular issue? No problem. One of my favorite words is "yet." You just haven't come up with the right plan "yet." Today's the day. Your district leadership team is ready to help. Just tell your Assistant Governor your "what," and we will help with the "how."

**I CHALLENGE** each club to survey its members for feedback about:

- what they like best
- what they wish they could do more often
- where their opportunities and trouble spots might be

...then bring that information back to the general membership for discussion.

Develop a practical plan for both recruiting and retaining members.

#### I CHALLENGE each member

- to engage by bringing ideas and thoughtful advice to club leadership.
- to help with the planning of and to work on various projects and fundraisers.
- to stay in touch with longtime Rotary friends and to welcome new members.

show appreciation for each member's contribution and to create/continue a club atmosphere where each member knows they are valued.

Remember that this is the year of Imagine Rotary and don't be afraid to think a little differently. There are many pathways to service and many ways to keep your club fresh and viable. *Don't drift*. Use the New Year to reassess and refresh. If we stay engaged, enjoy the fun and fellowship, work our best plans, and move toward the future with flair we will know on June 30 that we left nothing on the table. We used our 525,600 minutes well.

Thank you for your commitment.

#### Christmas is over but you can give

#### THE GIFT OF ROTARY

Christmas is in our rearview mirror, and the thoughts of gift-giving is put out of our minds for another year. I ask you to reconsider.

You see Rotary is a gift that someone gave you when they invited you to join.

During this month of January, I want you to think of someone who already exemplifies the character of a Rotarian.

Determine whether to invite them to join you for a service project, a club social or a club meeting.

Tell them your story of Rotary and how much it means to you...why you joined Rotary and why you stay.

Tell them about the wonderful Rotarians you enjoy serving and socializing with in Rotary.

Ask them about their desire to serve, and if it doesn't match what your club is currently doing, tell them it is possible to start a new project.

#### PDG CAROL BURDETTE

D7750 Membership Chair Rotary Club of Anderson carol.burdette@ uwandersoncty.com 864-934-5143

If the time your club meets doesn't fit their schedule, don't give up. That may be exactly what your club needs to start an alternative or satellite club.

The flexibility of Rotary allows us to share this great gift more freely.

I challenge you to share the Gift of Rotary. You'll love the feeling of sponsoring a new member!!

I wish I had done this sooner.

I learned so much about Rotary that I did not know.

I learned about what other clubs are doing and will take these new ideas back to my club.

I have made new friends in other clubs, and we will stay in touch.

Rotary is so much more than what goes on in our clubs.

#### **RLI: Find Your Passion in Rotary**

March 4th in Anderson – In-Person RLI

Each time I have coordinated a Rotary Leadership Institute in our District or taught RLI workshops, I see the faces of about 60 Rotarians light up! They share comments like those at the left.

I can only imagine the conversations with their fellow members in the car on the ride home about all the new ideas now in their minds about how to implement their learning into their own clubs.

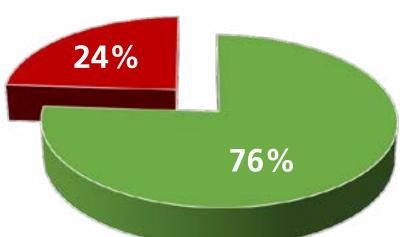

Our RLI data shows the impact RLI is having. 76% of Rotarians who have taken ONLY one part of RLI stay in Rotary. **RLI is a great retention strategy for your club.** 568 Rotarians in our district cannot be wrong. That's how many of our members in D7750 have attended at least one part of RLI! Many have moved on to become RLI Faculty.

You do not have to be in the leadership line for your club to participate in RLI—although, the knowledge and passion you take back to your club will be very useful if you choose to become Rotary leader.

At RLI you will participate in interactive workshops on topics that include: The History of Rotary, Ethics, Our Foundation, Growing Membership Strategies, Planning Projects and more. The emphasis is on networking and sharing from other members about these topics.

Our next inperson RLI event
in D-7750 will be
MARCH 4 in
Anderson. Many
clubs pay for their
members to attend.
In addition, when
a club sends three
members, the
fourth member
attends for free.

You are welcome to attend RLI in another district too.

YOU MIGHT NOT KEEP THE WHOLE
PIE BUT YOU SHOULD FARE WELL
WITH RETENTION IF YOU SEND YOUR
MEMBERS TO RLI. 76 PERCENT OF
THOSE WHO ATTEND JUST ONE RLI
SESSION WILL STAY WITH YOUR
CLUB. THIS ONE STAT SHOWS HOW
IMPORTANT UNDERSTANDING ROTARY
IS TO YOUR CLUB'S RETENTION.

Look at the list of meetings on the RLI website www. rli33.org. Or, for a more complete list, look on the District Calendar in DACdb. www.DACdb.com

# ROTARY CLUBS IN UKRAINE ARE GROWING

Read why and what our own 7750 clubs can learn about making Rotary relevant in the local community.

Your club members might not have to become literal firefighters to put out fires caused by bombing and shelling. But they can still fight other kinds of fires smouldering or raging in your community. People are drawn to the opportunity to find meaning and purpose when they see real positive change taking place.

#### JANUARY IS VOCATIONAL SERVICE MONTH

During January, Rotarians are encouraged to focus on this important avenue of Rotary service. Discussions on vocational service can lead to projects that not only develop the ethical consciousness and vocational skills of Rotarians but also the talents within their communities.

The Pedals Possible project of the Lancaster Breakfast Rotary Club is one example of a "fire" that local Rotarians are putting out (reference to the previous page on Ukraine) by providing adaptive bikes for handicapped children. And it shows how important it is for clubs to keep members involved. Lancaster Breakfast has 63 members, six of whom have joined this year. Only one member has dropped out.

#### Seth's Giving Tree donates \$19,000 to Lancaster Breakfast's Pedals Possible project

The Pedals Possible project of the Lancaster Breakfast Rotary Club has really taken off.

A couple of months ago, the club was trying to raise enough money to buy 15 adaptive bikes for elementary schools to have available for handicapped children to enjoy—which it did.

Now, in December, the club received \$19,000 for this project from Seth's Giving Tree, a Foundation set up to benefit children and youth in Lancaster County.

That foundation is named for Seth Muennich, who died at age 14. His mother, Lisa Muennich, Chair of Seth's Giving Tree, presented Lancaster Breakfast Club with the check that will be used to buy even more adaptive bikes through the Pedals Possible Project.

#### North Spartanburg gives \$3,000 IMAGINE Award Grant to Wofford College Homework Club Program

Club members honor the program's positive impact on the lives of local students

North Spartanburg Rotary Club presented Spartanburg Housing and Wofford College with a special IMAGINE Award Grant of \$3,000 in honor of their after-school program's 2022-23 focus, "Imagine."

And, the After-School Program does just that —it supports students in the Highland and Southside neighborhoods with after-school homework help and with enrichment programming, like drama club and field days.

Wofford College sustainability students, guided by Alysa M. Handelsman, Assistant Professor of Anthropology, contributed to the growth of last year's programming; in particular, with the addition of arts-based curriculum.

Cierra Kelly from Spartanburg Housing has served as Wofford students' community partner since the initial phases of this program in January 2020.

This after-school programming provides one-on-one homework

- 4. You'll create an ID in the CART Online Contribution Portal that's tagged to your club and our District.

# PILLARS OF CONSISTENT CLUB GROWTH By PDG Terry Weaver, Z33 Rotary Coordinator PROSPECT ONBOARDING NEW MEMBERS RETAINING MEMBERS RETAINING MEMBERS

Identifying people who would likely make great Rotary members Effectively presenting Rotary to qualified potential members Orientation and engaging new members in the club's activities

Meeting or exceeding member expectations, including meaningful, Rotary-branded service projects

#### Membership: Ask us anything

he Membership Action Plan team did an "Ask us Anything" Webinar in December, and all the questions asked fell into one of the key performance categories on the pillars above. In fact, most questions related to getting the basics right.

I've learned that there's no rocket science or silver bullet that makes membership success happen in a club. Success is generally granted to a club that pays attention to the basics and gets them right.

Some questions answered in this webinar included:

- Should you invite a prospective member to a Rotary meeting as his/her first introduction to Rotary?
- What prospect tracking tools are available for clubs to use?
- How often should clubs hold Rotary

Information Hours (Discover Rotary)? Plus several follow-on questions about Rotary Information Hours

- What can we do to get members fully engaged in the club?
- How successful have alternate membership types been? Any problems?
- What can I do to overcome resistance to change in my club?
- How to we motivate Rotarians to "make the ask" to invite potential members?

In case you missed it, the December Membership Action Plan (MAP) Webinar was full of blocking and tackling tactics that have worked for other clubs. Watch it again at: "Ask us Anything" Webinar.

#### **Chester gives dictionaries to third graders**

The Chester Rotary Club—as part of its literacy project—sponsors Rotary Dictionary Day. Each third (3rd) grader in Chester County is given their own dictionary. Club members personally deliver the dictionaries to each school and student. They also tell the students why a dictionary if important. These photos were taken when club members delivered dictionaries to the Academy of Teaching and Learning (ATL).

Rotarian Doug Marion gave each child a dictionary and talked about how to use it in Karen Gardner's third grade class at the Academy of Teaching and Learning in Chester.

#### Celebrating Women in Rotary

The Rotary Club of Anderson held an event in December recognizing the first 35 years of women in Rotary.

**PAM DEAL,** Clemson Sunrise, and **PEGGY DEANE**, Anderson, were singled out for their early involvement and leadership in their clubs.

PDG **SUE POSS** was recognized in abstentia for being the first female governor in D7750 in 1999-2000. Sue was a member of Greenville East Rotary at the time and is now a member of E-Club of the Carolinas.

#### PAM DEAL: FIRST FEMALE MEMBER IN SOUTH CAROLINA

Pam Deal, center, a member of Clemson Sunrise, was recognized for being the first female Rotarian in South Carolina, joining in 1987; and the first female president of a club in D7750 in 1993-94. With her are DG Joyce Morin, PDG Frank Cox, PDG Carol Burdette, Pam and her husband Charles, Clemson Sunrise members Anne Kogut and Crossie Cox.

These are some of the Rotarians who celebrated the role women have played in Rotary in the past 35 years.

Peggy Deane was recognized as being the first female member of Anderson, the host club.

# Why make public image a priority?

When your club makes public image a priority, be prepared to see engagement rise. Showcasing how your projects make an impact in the community and touch people's lives gives the public an understanding of what Rotary does. Even better, it inspires people to get involved.

The more the public sees our brand out there in the community, in the media, and

on social media, the more opportunities we have for the public to connect with us. The rest – fellowship, professional development, connections – will grow from there.

Having a Public Image Chair is a great way to prioritize your club's image. They can coordinate club messages and provide a consistent Rotary voice in communications.

And the Brand Center is where they can find tools such as templates, images, and videos to create compelling ads, flyers, social media posts, and press releases. Learn more about making public image a priority in this Rotary Voices blog post.

#### LANCASTER BREAKFAST RECOGNIZES COMMUNITY HERO

#### **DEPUTY TRAVIS FLOYD**

Lancaster Breakfast Rotary Club honored Community Hero, Deputy Travis Floyd, for his commitment to the community and selfless service to Lancaster County.

The club honors community heroes each month with a gift card to recognize the sacrifice law enforcement make to keep citizens safe.

### PDG Rich Waugh's dream of 100% Paul Harris Fellow Club realized

#### **BY PDG BETH PADGETT**

D7750 Foundation Chair

Past District Governor Rich Waugh had a powerful desire for his Rotary Club, Aiken Sunrise, to become a 100% Paul Harris Fellow Club.

In addition to being a great Rotary leader, Rich served as District Rotary Foundation Chair and was a strong supporter of "Doing Good in the World" through our Rotary Foundation.

Rich would have been so proud of his Rotary Club. He died in late 2021, and his death inspired his club to follow through on his dream. Aiken Sunrise became a 100% Paul Harris Fellow Club at the end of the 2021-22 Rotary Year. The club celebrated this accomplishment on Thursday, December 15 during District Governor Joyce Morin's official visit.

Every Rotarian in a club must be a Paul Harris Fellow at the time that the club is certified as having accomplished this goal. Only about 20% of Rotary clubs in the world achieve this honor.

Congratulations, Aiken Sunrise! PDG Rich Waugh would be so proud of you.

# Driven by Aiken Sunrise, Rotary funding improves life in Guatemala villages

#### **BY JOHNNY WALKER**

Rotary Club of Aiken Sunrise

The Rotary Foundation is working in Guatemala. D7750 has joined those efforts since 2014.

One of the major advantages of TRF is the ability to work with other districts to multiply the good we do there. Our District Designated Funds (DDF) for Global Grants can grow 5 or 6 times with the TRF match, matches from other Districts, club funds and private charitable donations. Global Grants have another greatmultiplier. They encourage Rotarians to participate in smaller projects as well.

From 2014 through 2024 we have completed, or proposed, 19 projects totaling \$800,000 for work in Guatemala.

Our DDF of \$100,000 has been multiplied eightfold with global grants, district grants, club grants, and individual donations.

Johnny has prepared a detailed report with photos and statistics about the project. ▶
to see what a difference a single club working with others can accomplish, especially the changes it can make in the lives of so many people.

Construction of a new stove in Guatemala requires a lot of manual labor. But Aiken Sunrise Rotarian Johnny Walker is up to it. This was in Comalapa in 2020.

The Rotary Club of Aiken Sunrise, led by Johnny Walker, and D7750 have done and is continuing to do amazing work in Guatemala. The chart on the next page shows the grants and projects the club has done or will do during the 10-year period 2014-2024. The club has used District Designated Funds (DDF); Global Grants; club donations; individual and other private funds to make these projects possible.

**NOVEMBER: 23 NEW MEMBERS — 32 TERMINATED MEMBERS (2 DECEASED)** 

#### District 7750 Membership Progress Report

Consistent, moderate membership growth requires **attracting new members** in quantities sufficient to both <u>replace the club's historical average terminations</u> (attrition) **and** <u>moderately grow</u> (approx. 5%-10%).

- Attrition YTD: Number of terminations since July 1
- Attrition to Go: Number of additional terminations forecast, based on 3-year Average Attrition
- Additional New Members to Break Even: Considering those already attracted and lost, additional new members needed to replace Attrition to Go (break even with July 1 member count)

#### CHRISTMAS AUCTION WILL SUPPORT PLEASANTBURG CHARITIES

The Rotary Club oh Pleasantburg held its annual Christmas Lunch Auction raising more than \$9,295. The funds will be used to match club members' gift to The Rotary Foundation, and go to Meals on Wheels and Miracle Hill. Brian Thomas, in the green shirt holding the wine, was the auctioneer. Beside him is Val Vandersloot, auction organizer.
